James,

Joe and I have spoken about discovery and have agreed to a discovery requests due date of April 1, 2011, with responses due May 1. Joe is drafting up a stipulation as to requests for admissions, etc. We are still working on stipulating tot the timeline, but we think we should be able to stipulate to most, if not all of the dates/actions.

Thanks, Shasta

Shasta,

That's fine. I'll wait to hear from you about the discovery timeline and the stipulations. We will shoot for having an order authorizing discovery out by March 25th. Sharla will set aside May 26th for the hearing. Thanks for giving me an update.

James

James,

Joe and I have spoken about the timeline and potential discovery but need a bit more time to see what we can stipulate to, and what discovery we will need to conduct. I will be out of the office all next week and would like to get back to you on the discovery timeline by the 23rd, instead of the 17th, if that will work. Joe is amenable to that as well. As for a hearing date, the 26th of May is free for both of us.

Thanks, and have a nice weekend.

Subject: IWRB Permit 37-7842

Shasta,

Attached is a copy of the Timeline of Events I put together for Permit 37-7842. As we discussed, much of this case centers on deadlines, dates, and the timing of certain filings. If we end up going to hearing on this matter, I hope that many of the facts can be established through stipulation. For this reason, I decided to prepare a rough timeline of events for the parties.

This timeline should not be seen as a decision by the Department that these are (or will be) the official findings of fact in this matter. I just thought it would be helpful to have a starting template for discussion purposes. I expect that this chronology will be revised by all parties before they are willing to stipulate. For example, I included some direct quotes from the various documents and short summaries of the contents of letters. These quotes and summaries will likely be chopped out of a final stipulated set of facts. You may find that there is additional information that should be included in a final chronology.

Please let me know by March 17th what you have agreed to as far as discovery and a hearing date (1 day) in the week of May 23-27.
