Dear Sir or Madam,

I am returning the enclosed forms with a little further explanation. We recently received a document from you regarding a parcel of land with water information that is owned by Canyon County. It was addressed to C Harris, Rt 9, Box 193, Caldwell, ID 83605.

I called and your Director was available to speak with me. He advised me to submit the address form to update our address/contact information. That's all we were attempting to do. There is no change in ownership, simply and updated address/contact information for Canyon County.

I hope this helps clear the mystery. If not, please give me a call.

Respectfully,

Diana Dyas
Lead Administrative Specialist
Development Services
