RE: Assignment of Permit and its Associated Filing Fee, Along with an Amended Statement of Completion for Submitting Proof of Beneficiary Use for Permit No. 23-11341.

Dear Darla:

Thank you for your time over the past few weeks as we visited by telephone regarding two proof of beneficial use forms submitted for Water Right Permit No. 23-11341. I have had an opportunity to visit with my clients regarding this matter further, and we have determined that the two documents should not have been submitted, and apologize for the confusion. An amended proof of beneficial use is included with this letter, and we request that this document be substituted. The filing fee of \$100.00 is already in your possession.

Additionally, to demonstrate the new owner of the permit, we have enclosed a completed assignment of permit form with the appropriate filing fee, as well as a copy of the warranty deed conveying title to the well lot. Lastly, please copy me on any correspondence regarding this permit as you have done previously.

Thank you for your attention to this matter. Let me know if you have any questions or concerns.

Best Regards,

Robert L. Harris
