RE: Water Right 78-00260A.

After talking with Tim and Steve, you advised that I should not transfer the above water right into our names since the association (Hat Creek Water Users) is made up of more than just us. We request that you add this letter to our file.

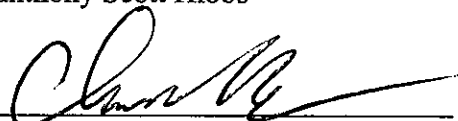

We are the new owners of the parcel 23n01e290022. It was formerly owned by our father, Carol Edwin Hibbs. His estate passed it to us in mid December, 2010. We are formally notifying you that the rights Carol held as part of the Hat Creek Water Users is now ours.

We'd like to be notified at the above address if there are any proposed changes or issues that might affect our water rights going forward.

Warmly,

Anthony Scott Hibbs Date: 2/4/2011

Christopher Lane Hibbs Date: 2/4/2011
