RE: Statement of Completion, Proof of Beneficial Use

On January 3, 2011, Terry Henrickson submitted "proof of beneficial use" for permit no. 77-14299 on behalf of Greenhurst Farms, Inc. Henrickson had previously submitted a statement of completion that was returned with cover by Nicholas Van Dyke for deficiencies. Henrickson consequently submitted a request for extension of time. The deficiencies noted in Van Dyke's letter related to 1) measuring device & lockable diversion works and 2) an approved SCA permit as required by condition no. 12 of the water right permit.

Henrickson stated that he had contacted both the Army Corps of Engineers and IDWR stream channel specialist (Aaron Golart) regarding the requirement. According to Henrickson, he was informed by both entities that a SCA permit is not required in his case.
