CONDITIONS OF APPROVAL

1. The boundary encompassing the place of use for this water right is described with a digital boundary as authorized by Idaho law. The data comprising the digital boundary are stored in the electronic document management system of the Department and are incorporated into this approval by this reference. A map depicting the place of use is attached to this approval document to illustrate the place of use described by the digital boundary.

WATER RIGHT NO. 63-230L
As Modified by Transfer No. 66703

CONDITIONS OF APPROVAL

2. This right is limited to the irrigation of 13,127 acres within the authorized place of use in a single irrigation season.
3. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 63.
4. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).
5. Diversion for irrigation under this water right prior to April 1 and after October 31 shall occur only as authorized by the Water District 63 Water Master and only when water is being released for flood control by the United States from the Lucky Peak Dam outlet under procedures and requirements for the Memorandum of Agreement between the U.S. Department of the Army and the U.S. Department of the Interior for Flood Control Operations of the Boise River Reservoirs, dated November 20, 1953, the Water Control Manual for Boise River Reservoir dated April 1985 and any future amendments or revisions made thereto pursuant to state or federal procedures or law with the agreement of all entities having rights in the reservoir system; provided that any such diversion of this water right prior to April 1 and after October 31 shall be subordinated to water rights for storage in Lucky Peak Reservoir, Lake Lowell, Arrowrock Reservoir, and/or Anderson Ranch Reservoir, as decreed in SRBA Case No. 39576.
6. This right shall receive 100 percent of its decreed quantity until the natural flow of the waters of the Boise River shall decrease so that all rights containing this condition cannot receive 100 percent of their decreed quantities, at which time this right and the other rights containing this condition shall first be cut to 75 percent of their decreed quantities, as the natural flow of the river decreases, beginning with the latest rights containing this condition and preceding to the earliest rights containing this condition in the order of their priority dates, and after all of the rights containing this condition shall have been reduced to 75 percent of their decreed quantities, should the natural flow of the waters of the river decrease below the amount necessary to supply 75 percent of those decreed quantities, then this right and the other rights containing this condition, beginning with the latest and preceding to the earliest, shall be reduced to 60 percent of their decreed quantities.
7. The 2 ponds and artificial stream established by the storage of water under this right shall not exceed a total capacity of 18 acre-feet or a total surface area of 2 acres. Prior to 3/1 and after 11/15 storage water is recirculated between the ponds through the artificial stream.
8. Right 63-230L authorizes the diversion of an annual total of 22.7 acre-feet to be used for the initial filling of the ponds and for the replacement of losses caused by evaporation from the ponds and the artificial stream.
9. The following rights are also diverted through point of diversion described above: 63-121, 63-122, 63-230M, 63-231D, 63-120H, 63-161AJ, 63-169A, 63-169C, 63-16532.
10. Water is delivered through the Settlers Canal.
11. Designated as No 92 in the Stewart Decree and the Boise River Water Masters Records.
12. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.

WATER RIGHT NO. 63-230L
As Modified by Transfer No. 66703

CONDITIONS OF APPROVAL

13. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
14. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
