

## MEMORANDUM

**DATE:** March 16, 2011

**TO:** Water Right File 97-7440

**FROM:** Shelley W. Keen *SWK*

**RE:** Ownership Change

---

The documentation Donna Collier submitted on Feb. 11, 2011, is not sufficient to change ownership of Permit 97-7440, which is still personal property. It is, however, probably sufficient to support a change of ownership of the water right when it is licensed. I recommend asking Donna Collier to submit an ownership change notice with the required fee, which can be processed when a license is issued. Today I asked Keith Franklin in IDWR's Northern Region office to expedite a beneficial use field examination for this permit. He responded that because the right is partly for irrigation, he would try to do the examination during the upcoming summer.
