RE: Ownership of Water Right Decree

I phoned Lois Richards today, and left a message reminding her of what is required of her in order to change this decree out of the name of Hebert E Richards. I explained that she would need to file an ownership change form with copies of the warranty deed & death certificate along with a \$25.00 filing fee. All of this was explained in my letter to Lois Richards dated January 27, 2011.

After Lois Richards received my letter, she called. During that conversation she informed me that with the help of a lawyer, the Richards set up Odie, LLC. They gave 6.6 percent to each child. They kept 1/3 in their own names. Then Hebert died, and Lois now owns her 1/3 plus his 1/3, a total of 2/3. She also informed me that the property was deeded property.
