Mike,

I appreciate you contacting me to address this matter. I have attached a scanned copy of Transfer # 76427 application and a copy of the letter I sent you regarding what amendments and additional information are required before further processing of this application can continue. Denise mentioned your phone conversation earlier this morning, during which you stated you may be interested in making an appointment to come into the office here to amend the application and provide the additional information. As she told you, I'm unavailable this Friday, but I am available any time between the hours of 7:30 am and 4:00 pm on Monday (3/7) or Tuesday (3/8). Please take a look at the letter I sent regarding what amendments and additional information are needed for your application and feel free to respond to this email or call me to set up a time to meet when you get a chance. The additional information requested may take some time to gather so you may wish to request (in writing) a processing delay of up to 6 months. If a delay is granted, processing of the application will continue as soon as the application is amended and the information is received. Please feel free to contact me if you have any questions. Thanks again for your attention to this matter. I look forward to your response.

Sincerely,

Hello Angie, apparently I've really dropped the ball here. This email is my petition for reconsideration for Transfer # 76427

Can you re-send the email you had sent to me somewhere around the 14 or 15th of January stating all of the items you need from me.

Apparently I've deleted the email but I do remember receiving it.

I want to resolve this issue asap

Thanks
