Subject: Amended Water Bank Lease Application

Dear Dan,

Enclosed on behalf of the Nampa School District #131 is an amended application to lease a portion of Water Right No. 63-32625 to the water supply bank. As you know, fewer acres of the Lake Ridge Elementary school grounds are being irrigated than originally anticipated. The amended application reflects that fact and increases the amount of water proposed for lease from 0.14 cfs/26.4 afa (for 5.9 acres) to 0.185 cfs/33.75 afa (for 7.5 acres). Also enclosed is a map showing the locations of the irrigated areas.

Please let me know if there are any questions. Thank you.

Sincerely,

Marci Pape
