Subject: Attn: Marcie Pape - Water Bank Lease for Nampa School District water right 63-32625

Hello Marci,

I have been asked to start reviewing water bank lease applications. One of the lease that I am reviewing is for Nampa School District #131, water right 63-32625. The water bank lease application requests that 5.9 acres worth of this water right be placed into the water bank. Unfortunately, there is no map showing which lands will continue to be irrigated and which 5.9 acres will be placed into the water bank. You are the person from SPF that submitted this application for Nampa School District. Without a map, we cannot process the application. If you are still representing Nampa School District, could you please email a map to me for this application. If you are no longer representing them, could you send me an email letting me know, so I can contact the school district directly.

Thank you.
