Al,

Regarding water right permit no. 95-9221:

We reserved funds that the permit holder paid to pay the upgrade fee and acknowledged the proof of beneficial use.

Chad & Darla,

I have contacted the Cd'A DEQ office and they are researching their records to verify that Upper Twin Lakes Water Assn. has provided all of the documentation needed for their public water supply system. They said it might be a few days before they get back with me.

Upon searching our data base, it appears that an up-grade fee has not been paid for Upper Twin Lakes Water Assn.

I'll let you know what we find from DEQ and I will notify Allocations to seek an up-grade fee for the Drilling Permit.

Thanks for the heads up on this one.

Al
