BUREAU OF LAND MANAGEMENT
1387 S VINNELL WAY
BOISE, ID 83709-1657

PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 21-13032

Dear Permit Holder(s):

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use.

A license exam fee is not required for a ground water source with a rate of diversion of 0.04 cfs or less. Therefore, I will initiate the process to refund the license examination fee you submitted. You should receive a State of Idaho check for \$50.00 within ten (10) business days under separate cover for the fee you paid.

During my review of your proof statement and your water appropriation permit, I noticed that you stated a greater diversion rate than was permitted. On your proof statement, you stated that your diversion rate is 0.03 cfs, however, your permit is limited to a maximum diversion rate of 0.02 cfs. You must limit your water use to the permitted amount. I have enclosed a copy of your proof statement and a copy of the permit for your reference. If needed, you may apply for another water right to cover additional water use. Application forms are available from any department office, or at the department's website at: www.idwr.idaho.gov

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov

If you have any questions concerning the field examination, please contact the Eastern Regional Office of the department in Idaho Falls at (208) 525-7161

Sincerely,

Darla Block
Technical Records Specialist
