**RE: APPLICATION TO THE WATER SUPPLY BANK.
WATER RIGHT NO. 63-32131**

Dear Mr. Flynn:

You recently filed an application to lease the above referenced water right to the Idaho Water Supply Bank (bank). This letter explains constraints on processing the application. Staff resources at the Idaho Department of Water Resources (department) are being focused to complete the Snake River Basin Adjudication (SRBA) during this year. This concerted effort is expected to conclude by the end of 2006. As a result, other department functions cannot be fully operational. Though every effort will be made to process your application, the department may not be able to complete review by the end of the year.

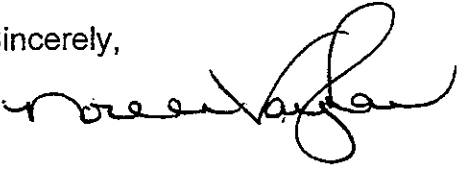

Application to Lease or Sell a Water Right to the Water Supply Bank: If you filed an application to lease or sell a water right(s) to the bank, the department will hold your application(s) for review as resources allow. If the right is determined to be eligible for acceptance into the bank and if additional information is not required upon review of the application(s), the right will be entered into the bank as of the date of receipt of the application. The acceptance date may be adjusted if additional information is required. Please note the forfeiture period is not tolled unless a right is accepted into the bank. If forfeiture is a concern, you may also consider filing an application for Extension of Time to Avoid Forfeiture.

Application to Rent Water from the Water Supply Bank: If you filed an application to rent water from the bank during 2006, the department will make every effort to process the application prior to the end of the year. The department cannot authorize you to divert water without an approved water supply bank rental agreement. However, the action of filing an application to rent water will be taken into consideration should enforcement action for any pre-existing conditions become necessary.

The department will hold the referenced application(s) and proceed as described above as time allows. If the application(s) is not processed prior to the end of the requested lease or rental term, it will be returned to the applicant. The department

regrets the inconvenience caused by the delay. Please contact me at (208) 287-4946 if you have any questions.
