RE: APPLICATION TO RENT WATER FROM THE WATER SUPPLY BANK

Dear Applicant:

On January 13, 2010, the Department received your application to rent water from the Water Supply Bank. At that same time, we received an application to lease water right 35-2389 to the Water Supply Bank to satisfy part of your rental. On November 12, 2010, we returned the lease application for 35-2389 because Transfer 76183 provided authorization for much of the use of water requested in your rental application, but not all. In my letter of November 12, 2010, I told you we were processing other lease applications in the area that might satisfy the remainder of the acres you need to rent and would send further correspondence when we completed review.

We are unable to find any leased rights that are adequate to satisfy your rental request. Therefore, we are returning your rental application unprocessed.

This letter is notice that the attached application for rental of water is denied.

If you have any questions regarding this matter, please contact me at (208) 287-4907.

Sincerely,

Monica Van Bussum
Sr. Water Resource Agent
