Dan, I've tried to contact the client after your first message to no avail. I will try one more time. Meanwhile, let's assume the application will not be processed or extended unless you hear from me the next 10 days or so with a different story.

Thanks,

John

Hello John,

I sent this email to you some time ago, and I haven't heard back from you. If we can find out what we need to do on this one, we could either move forward or return them. I would appreciate any direction you could give us on this filing.

Thank you, John, I appreciate your help.

Subject: Star Springs L.P. (water right 63-1) Water Bank Lease

Hello John,

I am working on a water bank lease for water right 63-1 for Star Springs L.P., and signed by Bruce Weigand. The lease runs from 12/12/2008 to 12/12/2010. Since it is almost 12/12/2010 already, do you want to continue to pursue this lease or increase the time the lease was put into the bank? It was decreed in 2007, so forfeiture really isn't an issue. Unless we extend the lease into 2011, there really isn't a point in processing this lease, since it wasn't rented. If want to extend the lease, please just send me a letter extending the lease

to the date or year up to 2015. If you want me to process the lease for the last 30 days of the lease, I may be able to do that, but it doesn't seem to provide any benefit for your client.
