RE: WATER SUPPLY BANK LEASES; WATER RIGHTS 2-202A AND 57-7100

Dear Applicant:

Since March 14, 2005, portions of these water rights have been leased to the Bank. The original lease acceptance signed in 2005 indicated 0.10 cfs was leased for an indefinite period. That lease was modified on at least two separate occasions, on April 19, 2006, and again on January 9, 2007. Those leases modified the amount and term of the lease. The last Water Supply Bank lease ended on December 31, 2007, according to our records. You also rented the water from the Bank multiple times

On December 11, 2009, the Department granted Transfer 73776, which provides authorization for much of the use of water as also requested in your lease and rental applications. Since the last lease has expired and the transfer was granted, it appears you no longer need to lease water to the Bank, this letter is notice that all of the water rights referenced above were released from the Water Supply Bank in accordance with the Lease Acceptance.

If you have any questions, please contact me at (208) 287-4907.

Sincerely,

Monica Van Bussum
Sr. Water Resource Agent
