Re: LGD Ventures, LLC Water Right Number 63-3532B

Monica-

We have received your letter dated January 3, 2011 concerning LGD Ventures, LLC water right number **63-3532B**. We had applied for the water bank in February 2009, however have just signed a lease with a farmer for the upcoming season. The letter provides for a 30 window to withdraw the water right from the bank, which we would like to do. Please accept this letter as our request to remove water right **63-3532B** from the water bank, effective immediately.

Thanks so much for all your help.
