Shelley:

Thanks very much for your reply.

I don't wish to cause any extra work for you.

I've calendared a reminder to check for a report filed by Dry Lot next year on 1/31/12.

Ms. Williams,

The report apparently has not yet been submitted to IDWR. The permit was approved so late in 2010 that there may have been no diversion of water to report. I will attempt to contact the permit holder to find out.

Note: Last week I contacted the permit holder's consultant, Dr. Charles Brockway Sr., by telephone to ask about the report. He said it had slipped his mind because no work had been done in connection with the permit yet. He said he would provide a brief report explaining that no work has been done.
