Mr. Christensen,

Thank you for notifying me of your intention to offer your water right to the Water Supply Bank through Nov. 10, 2010. I will consider the message below an amendment to your lease application. Once IDWR has an opportunity to review your application, you will be notified via postal mail. If IDWR does not have the opportunity to review your application prior to Nov. 10, 2010, you may amend your application to extend the proposed lease period or IDWR will return your application.

I have not contacted Mr. Harney regarding his lease application. He is welcome to contact me directly to discuss, amend, or withdraw his application.

Subject: Re: Water Bank application
Importance: High

Dear Mr. Marshall,

I would like to extend the lease date as you suggested.
Would it be appropriate to extend the date until 11-10-2010?
Do you have any other suggestions or input regarding that date?

Please advise as to what form might be required to make the change official.

Also, have you sent a similar letter to Dell Harney, who owns adjacent land. Dell and I had Keith Wilson, with Rocky Mtn. Environmental in Idaho Falls, submit water bank applications for us at approximately the same time. I am a real estate agent, and I have a listing agreement with Dell Harney, who is my client.

Thanks,

Kit Christensen

Mr. Christensen,

On Feb. 3, 2009, IDWR received your applications to lease water rights 34-14038 and 34-14039 to the Water Supply Bank. Due to limited staff resources, IDWR has not yet reviewed your applications. The lease period end date listed on the applications is Nov. 10, 2009. Since this date has passed, IDWR will return your applications unprocessed unless you amend the lease period to end after some future date. Would you like to amend the lease period listed in your applications or should IDWR return your applications unprocessed?

Subject: Water Bank application

Mr. Marshall,

In January 2009, I had Keith Wilson with Rocky Mtn. Environmental submit applications to the water bank, for two water rights that I have. Keith gave me your contact information when I recently contacted him to check about the status of the applications.

The two water rights are listed under the name of my corporation, KIVI Land and Livestock, LLC. The numbers are 34-14038 and 34-14039.

Would you let me know about the status of the water bank applications for the two water rights, that were submitted one year ago?

Thank you,

Kit Christensen
