Mr Marshall,

I am Dell Harney, executor for the estate of Karen Harney (my mother) and current Chairman of the Big Lost River Homeowners Association.

I have been in contact with Mr. Kit Christensen, an real estate agent who represents my interests in certain property in the Big Lost River Valley south of Mackay. We submitted water bank lease applications together that have not yet been reviewed by the state. I, like Mr. Christensen, would like to extend the lease date for my water right 34-14037 to 10NOV2010 in order to keep the application active. I have included an attachement documenting emails between yourself and Mr. Christensen for your reference. I wish to proceed on a parallel path with what Mr. Christensen has done. Please use this email adress for response with me or cell # 336-430-6240.

Thank you,

Dell Harney
