RE: Permit No. 79-14139

Darla Block:

We spoke earlier as well as with Mr. Jeff Peppersack about this water right. We were under the assumption that these rights were filed some time ago. Our records show two filings, but it appears that from your records you only demonstrate having received and filed for one permit.

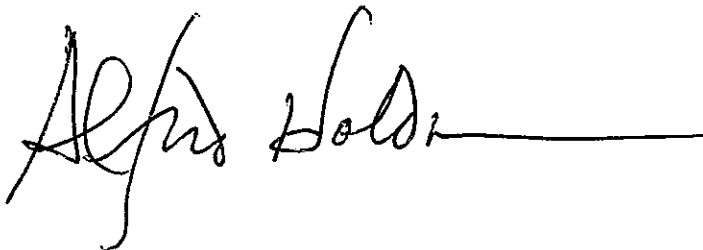

The following enclosures represent the STATEMENT OF COMPLETION for submitting proof of beneficial use.

If you wish to make an inspection please call to confirm your arrival date and we will be there to meet with your representative.

Enclosed is a check for the license examination fee schedule based on estimated water use.

Thanks for your every courtesy extended and best wishes throughout the year.

Cordially,

A handwritten signature in black ink, appearing to read "Alfred Holden", followed by a long horizontal line.
