Re: Lapsed Permit to Appropriate Water No. 77-14223

Dear Mr. Wright,

On January 13th I emailed you a copy of your permit and the Lapse Notice dated December 8, 2010, along with an Extension Request form which were requested by you via your phone call on January 13th, 2011.

During our last phone conversation, I was under the impression that it is your intent to keep this permit alive by filing a Request for Extension of Time. In order to reinstate your permit, an acceptable extension request must be received by this Department within (60) days of the mailing of the Lapse Notice. Your (60) day deadline for filing an extension request is February 6th. The Department will not be able to accept your requested extension after that date.

Sincerely,
