RE: 36-13191

Dear Mr. Brice:

The enclosed form is for you to Change the Water Right Ownership on the above claim from the name of Charles B. Park to the current owner, which is yourself and/or your wife.

A transfer for the new point of diversion is not necessary. The new well is in the same property description as described in the original point of diversion. The corrections necessary are done in the office through the data base.

For your convenience, I have enclosed an self-addressed envelope. Thank you for your attention in this matter.

Cordially,

A handwritten signature in cursive script that reads "Georgia Satterlee".

Compilation of photos of the new well (as of January 1997). Also, a conclusion of the claims involved plus the request of Mr. Brice wanting to file a transfer.

It appears the new well (1/97) was drilled in the same property description as the initial P/D, i.e. the SE $\frac{1}{4}$ NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 11, T10S, R23E. Because well is in the same property description a transfer is not necessary. However, the claims, 36-04233 and 36-13191, need to be corrected regarding the property description of the P/D.

1. 36-04233 (Original P/D) needs only one property description on the claim: SE $\frac{1}{4}$ NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 11, T10S, R23E.
2. 36-13191, needs only one property description: SE $\frac{1}{4}$ NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 11, T10S, R23E. However, the addition of **"New Well Drilled January 1997"** needs to be augmented in the comments and/or remarks.
3. Also, delete the old remarks from 36-13191 and 36-04233.
4. Claim: 37-07970 is a licensed right for a subdivision in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 11, T10S, R23E, which is properly described on the adjudication claim only.
5. I will contact Mr. Brice by letter informing him there is no need for a transfer per new p/d but he needs to complete Change of Ownership since the claim is still in his father-in-law's name.
