

MEMORANDUM

Date: January 26, 2011
To: Transfer 76130
From: jroberts
Re: Amended Legal Notice Remarks

This amended application dries up 6.6 acres of irrigated land to provide 0.13 cfs and 22.4 AF of water for an existing feedlot. Water will be provided by the existing feedlot well, and two existing nearby domestic wells will be added as backup supply. The feedlot is located 11 miles SE of Malta and about $\frac{3}{4}$ mile east of Hwy. 81.
