Re: Application for Transfer No. 77013

Dear Steve:

Enclosed is a copy of a transfer application proposing to correct an alleged error in water right no. 69-11521. This application will be processed without a legal notice pursuant to I. C. § 42-222. However, it is possible that your agency may have concerns about the application.

Please provide written confirmation that the United States Forest Service has authorized access to the public land for use of the diversion as described in the application.

If your agency desires to file a formal protest against approval of the application, a written protest along with the \$25 protest fee must be submitted to this office. Written comments and/or a formal protest must be received by **February 18, 2011** to be considered for this application. Without a written response by then, this office will conclude that your agency does not object to the application.

Please contact me if you need more information. Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Steve Lester'.
