Dear Honorable James Cefalo:

I am requesting that a default order not be issued against me in the matter of the application for transfer no. 76286 in the name of Telford Lands LLC.

I have vested interest in a well which I use to irrigate land I am farming. The proposed location of the new point of diversion is very close to my existing well. I am taking a beating over here and I believe this new proposed point of diversion would adversely effect my wells output. I need my well's full output to properly irrigate my farm land. Thank you.

Sincerely

Russell Babcock
