RE: Water Rights Address Change

To whom it may concern:

We have recently been working with Cindy Yenter, Watermaster of District 130 in your office to determine an accurate record of our water rights in our district. Based on the information we have researched, we have compiled an active list of water rights for District 4 of The Idaho Transportation Department. Our district would now like to request a change of address on several water rights at your office to complete the update of these records.

I have enclosed a signed Change in Address form from your office and am enclosing a spreadsheet showing what we now believe to be an up to date list of the existing water rights within our district. In our research we found five separate addresses listed for our department, so to save paperwork and increase the efficiency of changing these records, I have noted the address that we would like all water right information sent to on one form with the attached spreadsheet.

I would like to thank you in advance for your attention to this request. If you have any questions concerning the requested changes, or the information we have provided, please call me at 208-886-7806 or e-mail me at Mike.Scott@itd.idaho.gov

Sincerely,

MICHAEL SCOTT
District Right of Way Supervisor
