RE: Notice of Change of Water Right Ownership for Water Rights Formerly Owned by
Juel Aikele.

Dear Joni:

Enclosed for processing is a Notice of Change of Water Right Ownership for various water rights appurtenant to property formerly owned by Juel Aikele. The property was purchased by Natural Guardian Limited Partnership in November of 2006. There are a number of irrigation and domestic rights that need to reflect Natural Guardian's ownership, and we have provided maps which depict the property purchased by Natural Guardian and the place of use of the water rights that need to be changed into Natural Guardian's name.

You will note in the legal descriptions that there are a number of exceptions for small domestic parcels located generally on the northern boundary of T4N., R26E., Section 31. We have provided a zoomed in map for your convenience. As you can see, the Department-generated GIS shapefile overlaps slightly with a couple of these parcels, but in visiting with Mr. Aikele and the landowners, these parcels have never been irrigated. They should therefore be excluded from the place of use, as the water is concentrated on the other portions of the shapefile depicted on the map.

If you have any questions or concerns, please let us know. You should have recently received Notices of Change of Water Right Ownership for property formerly owned by Mark and Teena Hansen and Steven Aikele. For your convenience, we have enclosed a final map which depicts the entirety of the property purchased by Natural Guardian from Juel Aikiele, Steven Aikele, and the Hansens. This also depicts the points of diversion, and the places of use for all of the water rights that are associated with the property.

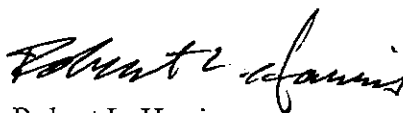

Lastly, we have included Water Right No. 34-10036 on the Notice of Change of Ownership, as it is appurtenant to property located in Section 13, T3N., R25E., which is now owned by Natural Guardian. We are unclear at this point why the water right is still in the name of Kirby Jensen, as we note that no transfer has been filed with regards to this water right and the combined conditions of this water right are for the rights held by Juel Aikele, which are now owned by Natural Guardian.
