RE: Water Rights 37-22389, 37-22391, and 37-22393

Dear Gary:

I have enclosed proof reports of your three rights as our records currently show them. 37-22389 is in your name and 37-22391 and 37-22393 are in the names of you, Lena and Carlyle Castle, and Frank Arambarri. (When the Objections were filed to remove the 6-acre piece and put it in the names of the cousins, those pieces were changed but the ownership was not changed on the leftover (or your) pieces as no documentation was received from you at that time showing that ownership changes should also be done on them.) In order to correct the ownership records for your portions, you will need to submit a copy of the deed which shows the 64-acre portion is now in your name only so we can remove the other names. At the same time you can designate how you wish the property to be split on the form I have enclosed by indicating the size of the parcels and we can split the rights proportionately. Please indicate on the enclosed map where the property will be split as well. (The groundwater right will be limited to a smaller amount of acres within each parcel just as it is limited to 40.1 acres within the 64 acres now.)

The rights have been decreed so a \$100.00 fee per right will be required in order to do the splits. Please call if you have any questions or if we can be of any further assistance.

Sincerely,

A handwritten signature in cursive script that reads 'Jeanie'.
