Subject: 30 day extension for transfer ap 73890

Mr. Conrad, Mr. Sterling,

This email is to document my phone conversation with Mr. Conrad today. In that conversation I agreed to an additional extension of 30 days to allow him to provide information needed to process Application for Transfer No. 73890. The Department cannot process this application without historical consumptive use records. I believe that some progress is being made toward providing that information and I understand that Mr. Conrad believes he can supply the required information by the end of next month.

Therefore, I will expect to receive records of the historical consumptive use on or before **Friday May 28, 2010**.

I will follow-up this email with a formal letter allowing the extension.

Respectfully,

Michele Edl
