CONDITIONS OF APPROVAL

1. Rights 35-7990, 35-4179A, 35-4179B and 35-2009 when combined are limited to the irrigation of 232 total acres within the place of use described above in a single irrigation season.
2. The quantity of water decreed for this water right for stockwater use is not a determination of historical beneficial use.
3. The quantity of water under this right for stockwater use shall not exceed 13,000 gallons per day.
4. The right holder shall make full beneficial use of all surface water rights available to the right holder for irrigation of the lands authorized to be irrigated under this right. The right holder shall limit the diversion of ground water under this right to those times when the surface water supply is not available or the surface water supply is not reasonably sufficient to irrigate the place of use authorized under this right.

WATER RIGHT NO. 35-2009
As Modified by Transfer No. 70513

CONDITIONS OF APPROVAL

5. Use of this right is combined with water from Aberdeen-Springfield Canal Co.
6. If the surface water right(s) appurtenant to the place of use is sold, transferred, leased or used on any other place of use, this right to divert groundwater shall not be used without an approved transfer pursuant to Section 42-222, Idaho Code, or approval of the Department if a transfer is not required.
7. Point of injection and point of redirection are from an unnamed drain.
8. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 01.
9. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion.
10. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.
11. This right is limited to the irrigation of 80 acres within the place of use described above in a single irrigation season.
12. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.
13. The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
14. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
