**IMAP-ORDER RE
MOTIONS TO COMPEL
AND MOTION FOR
PROTECTIVE ORDER**

The Applicant, United Water Idaho, filed a *Motion to Compel Responses to UWID's First Set of Discovery Requests to Pioneer Irrigation District and Settlers Irrigation District* (the "Motion to Compel") on August 7, 2003. The Applicant requested an order compelling responses to discovery pursuant to IDAPA 37.01.01.522. Protestants, Pioneer and Settlers Irrigation Districts (the "Districts"), filed in response a *Motion for Protective Order and Pioneer Irrigation District and Settlers Irrigation Districts' Response to UWID's Motion to Compel and Memorandum in Support of Motion for Protective Order* on August 15, 2003.

The Idaho Department of Water Resources ("IDWR") has adopted portions of the Idaho Rules of Civil Procedure when it authorizes written interrogatories in an administrative proceeding. IDAPA 37.01.01.524 I.R.C.P. 26(b)(1). Parties may obtain discovery regarding any matter which is relevant to the subject matter involved in the pending action or if the information sought appears reasonably calculated to lead to the discovery of admissible evidence. This matter involves applications to amend water right permits pursuant to Idaho Code § 42-211 and applications to change water rights under Idaho Code §42-222 (the "IMAP"). Discovery from any party is appropriate if it requests information that has a bearing on the issues IDWR must investigate under these statutes.

The Applicant submitted identical interrogatories to the Districts on July 2, 2003. The Districts, served their identical responses on the Applicant on July 17, 2003. The Districts, refused to answer Interrogatory Numbers 10, 12, 13, 14, 19, 20, 21, 22 and 23. Although the Districts also declined to answer Interrogatory Numbers 15 and 16, they have now served responsive answers with the Applicant. Each of the interrogatories that the Districts decline to answer will be examined in turn.

INTERROGATORY NO. 10: Please describe and quantify the hydrologic impact on the District's water rights which is likely to result if the Application were approved.

The Districts argue that this information is irrelevant to IDWR's investigation in this matter. Although the District's acknowledge that IDWR must consider impacts on existing rights under both Idaho Code § 42-211 and Idaho Code §42-222, they argue that quantifying hydrologic impact is different from injury. Further they argue that it is not the Districts' burden to quantify hydrologic impacts. The Districts may be right in their premises, but their conclusion that this information is irrelevant to IDWR's investigation is wrong.

Describing and quantifying the hydrologic impact on the District's water rights is relevant to IDWR's decisions in this proceeding. If there is a large hydrologic impact on the Districts' rights they may be injured. If there is no hydrologic impact on the Districts' rights they may not be injured. It is not the Districts' burden to present this evidence to IDWR, but if the Districts have this information they must provide it to the Applicant. The District's should have answered this interrogatory.

INTERROGATORY NO. 12: Please state whether the District has a water conservation program in effect today. Please describe in full the District's water conservation efforts or program. Please include a discussion of the history and development of the efforts or program.

The Applicant argues that this question is relevant because "conservation" by the Applicant has been raised in this proceeding. The Districts argue that this information is irrelevant because their conservation practices are not at issue, only those of the Applicant.

It is hard to discern the relevance to IDWR of the information requested by this interrogatory. The Districts' conservation efforts would not directly pertain to any issue that IDWR must resolve under the IMAP. The issue of adequacy of conservation efforts would appear to be more of an objective standard than a relative one. Thus, the use of this information as some type of impeachment information is questionable. Sustaining the Districts' relevance objection to interrogatory number 12, the requested information will not be admitted if offered by the Districts at hearing and cannot be the basis for any opinions offered by the Districts.

INTERROGATORY NO. 13: Please identify, describe and summarize the results of all studies, by the District or others, assessing or evaluating the success of the District's water conservation efforts.

The Applicant argues that this question is relevant, again, because "conservation" by the Applicant has been raised in this proceeding. The Districts argue that this information is irrelevant because their conservation practices are not at issue, only those of the Applicant.

The information requested by this interrogatory only appears relevant to IDWR's investigation if the Districts attempt to impeach the Applicant's studies assessing or evaluating the success of the Applicant's water conservation efforts. The Districts' own studies would then illuminate whether or not the Applicant's conservation studies were adequate. Thus, the Districts should have answered this interrogatory if they intend to impeach the Applicant's conservation studies. Sustaining the Districts' relevance objection to interrogatory number 13, the requested information will not be admitted if offered by the Districts at hearing and cannot be the basis for any opinions offered by the Districts.

INTERROGATORY NO. 14: Please provide a quantification of water use by each user group served by the District for which the District keeps separate records. For example, if the District keeps records based on agricultural, commercial or domestic users, please provide a breakdown showing the total quantity of use for each group.

The Applicant argues that this question is relevant because it relates to the Districts' claims of potential injury and allegations that IMAP is not in the public interest. The Districts argue that this information is irrelevant because their water right records provide all the information that the Applicant needs to determine potential injury to the Districts and the Districts' public interest contention relates only to unappropriated water.

It is hard to discern the relevance to IDWR of the information requested by this interrogatory if the Districts' do not intend to offer it at hearing. Sustaining the Districts' relevance objection to interrogatory number 14, the requested information will not be admitted if offered by the Districts at hearing and cannot be the basis for any opinions offered by the Districts.

INTERROGATORY NO. 19: What plans does the District have to annex new lands?

The Applicant argues that this question is relevant because it relates to the issues of whether the irrigation districts should be providing irrigation water in areas United Water claims it will irrigate. The Districts argue that this information is irrelevant because only the overlap between the Applicant's and the Districts' current service areas is relevant in this matter.

It is hard to discern the relevance to IDWR of the information requested by this interrogatory if the Districts do not intend to offer it at hearing. Sustaining the Districts' relevance objection to interrogatory number 19, the requested information will not be admitted if offered by the Districts at hearing and cannot be the basis for any opinions offered by the Districts.

INTERROGATORY NO. 20: How many pressurized, residential irrigation systems or hook-ups does the District serve? (This

interrogatory does not inquire as to the number of individual lots or parcels served by Pioneer/Settlers.)

The Applicant argues that this question is relevant because it relates to the issue of whether the irrigation districts should be providing irrigation water in areas United Water claims it will irrigate and to the issues of whether the IMAP will tie up the public resource. The Districts argue that this specific information regarding their own water use is irrelevant.

It is hard to discern the relevance to IDWR of the information requested by this interrogatory if the Districts do not intend to offer it at hearing. Sustaining the Districts' relevance objection to interrogatory number 20, the requested information will not be admitted if offered by the Districts at hearing and cannot be the basis for any opinions offered by the Districts.

INTERROGATORY NO. 21: Please explain how you quantify and track residential irrigation water use?

The Applicant argues that this question is relevant because it relates to the issue of whether the irrigation districts should be providing irrigation water in areas United Water claims it will irrigate and to the issues of whether the IMAP will tie up the public resource. The Districts argue that this specific information regarding their own water use is irrelevant.

It is hard to discern the relevance to IDWR of the information requested by this interrogatory if the Districts do not intend to offer it at hearing. Sustaining the Districts' relevance objection to interrogatory number 21, the requested information will not be admitted if offered by the Districts at hearing and cannot be the basis for any opinions offered by the Districts.

INTERROGATORY NO. 22: What is the average annual per capita usage in volume of water per irrigated acre and per customer for your members who use water for residential irrigation?

The Applicant argues that this question is relevant because it relates to the issue of whether the irrigation districts should be providing irrigation water in areas United Water claims it will irrigate and to the issues of whether the IMAP will tie up the public resource. The Districts argue that this specific information regarding their own water use is irrelevant.

It is hard to discern the relevance to IDWR of the information requested by this interrogatory if the Districts do not intend to offer it at hearing. Sustaining the Districts' relevance objection to interrogatory number 22, the requested information will not be admitted if offered by the Districts at hearing and cannot be the basis for any opinions offered by the Districts.

INTERROGATORY NO. 23: Has the District undertaken any planning for projected future water demands? If so, explain what it has done in this regard, who did or is doing the work, what the status of the work is, and what conclusion or tentative conclusions have been reached.

The Applicant argues that this question is relevant because the Districts challenge the planning process undertaken by United Water. The Districts argue that this information is irrelevant because they only challenge Applicant's proposed service area and planning horizon.

The information requested by this interrogatory appears relevant to IDWR's investigation if the Districts attempt to impeach the Applicant's planning for projected future water demands. The Districts' own planning would then illuminate whether or not the Applicant's projected future water demand planning was adequate. Thus, the Districts should have answered this interrogatory if they intend to impeach the Applicant's projected future water demand planning. Sustaining the Districts' relevance objection to interrogatory number 23 the requested information will not be admitted if offered by the Districts at hearing and cannot be the basis for any opinions offered by the Districts.

ORDER

Based on the foregoing it is ORDERED that:

1. The Districts' objections to Interrogatory 10 are OVERRULED. The Districts shall serve their respective answers to Interrogatory 10 on the Applicant by September 18, 2003.

2. The Districts' objections to Interrogatories 12, 13, 14, 19, 20, 21, 22 and 23 are SUSTAINED. The information requested by these interrogatories will not be admitted if offered at hearing and cannot be the basis for any opinions offered at hearing unless the Districts' objections are withdrawn, and answers served on the Applicant by September 18, 2003.

3. The Districts may not challenge the studies by the Applicant assessing or evaluating the success of the Applicant's water conservation efforts nor challenge the planning by the Applicant for projected future water demands unless the objections to Interrogatories 13 and 23, respectively, are withdrawn, and answers served on the Applicant by September 18, 2003.

4. The Districts' *Motion for Protective Order* is DENIED as moot. The time period for formal discovery closed on August 29, 2003.

5. The Districts, in *Pioneer Irrigation District and Settlers Irrigation Districts' Response to UWID's Motion to Compel and Memorandum in Support of*

Motion for Protective Order, at 14, request they be awarded their attorney fees. Although the Districts cite the Idaho Rules of Civil Procedure for authority to award attorney fees, they cite no statutory authority or IDWR rule that provides for the award of attorney fees in administrative proceedings before IDWR. The Districts' request for attorney fees is DENIED.

Pioneer Irrigation District and Settlers Irrigation District (the "Districts") filed their *Motion for Costs and Attorney Fees and Memorandum in Support* on August 21, 2003. The Districts request that the Applicant, United Water Idaho, pay the Districts their costs and attorney fees for responding to the *Motion for Protective Order* filed by the Applicant on August 12, 2003, and subsequently withdrawn by UWID's *Notice of Withdrawal of Motion for Protective Order* on August 20, 2003.

IN THE MATTER OF APPLICATION	)

IN THE NAME OF UNITED WATER	)	
IDAHO, INC., INTEGRATED	)	ORDER DENYING MOTION
MUNICIPAL APPLICATION	)	TO DISMISS BOISE-KUNA
PACKAGE (IMAP)	)	IRRIGATION DISTRICT
_____	)	

On March 31, 2003, United Water Idaho, Inc. ("UWID") filed *UWID's Motion to Dismiss Boise-Kuna Irrigation District's Protest* (UWID's Motion to Dismiss) based upon Boise-Kuna Irrigation Districts failure to participate in this matter. Boise-Kuna Irrigation District ("Boise-Kuna") did not file a response to the motion within fourteen days as provided in IDAPA 37.01.01.270.02.

After reviewing UWID's Motion to Dismiss and finding good cause therefor, the Idaho Department of Water Resources ("IDWR") gave the Protestant Boise –Kuna Irrigation District *Notice of Proposed Default Order Dismissing Protest of Boise-Kuna Irrigation District* pursuant to IDAPA 37.01.01.700 because of the failure of Boise-Kuna Irrigation District to respond to the written information inquiry contained in the *Prehearing Order* dated October 11, 2002, requesting Boise-Kuna Irrigation District's statement of issues.

Boise Kuna filed in response its *Petition Requesting the Default Order Not Be Entered* and the *Affidavit of Robert W. Talboy in Support of Petition Requesting Default Order Not be Entered*. Boise-Kuna stated that it wished to continue receiving pleadings in this matter, that the interest of the Boise Project Board of Control and Boise-Kuna are identical, and that the Boise Project Board of Control is taking the lead. A response to Boise-Kuna's *Petition* was filed by UWID and a reply to that response was filed by the Boise Project Board of Control and the Wilder and Big Bend Irrigation Districts. From these filings it becomes apparent that Boise-Kuna participates in this matter through the Boise Project Board of Control and the Wilder and Big Bend Irrigation Districts.

ORDER

1. Based upon the *Petition Requesting the Default Order Not Be Entered* and the *Affidavit of Robert W. Talboy in Support of Petition Requesting Default Order Not be Entered* UWID's Motion to Dismiss is DENIED.

2. Further, based upon the *Petition Requesting the Default Order Not Be Entered* and the *Affidavit of Robert W. Talboy in Support of Petition Requesting Default Order Not be Entered* and the *Reply By the Boise Project, Wilder and Big Bend Irrigation Districts to United Water of Idaho's Response to the Petition by Boise-Kuna Requesting that Default Order Not Be Entered* it is ORDERED that the interests of the Boise Project Board of Control, Wilder Irrigation District, Big Bend Irrigation District and Boise-Kuna Irrigation District shall be consolidated as one protest in this matter and those four entities shall speak with one voice in all pleadings and at hearing. Pursuant to IDAPA 37.01.01.200 the representatives of this protestant shall be Albert P. Barker of the firm Barker, Rosholt & Simpson LLP and Robert W. Talboy of the firm Ellsworth, Kallas & Talboy, P.L.L.C.

_____	)	

COMES NOW, protestants Nampa & Meridian Irrigation District, the cities of Meridian and Caldwell, and the Terteling entities (hereinafter "Protestants"), by and through their counsel of record Ringert Clark, Chartered, and, pursuant to the June 20, 2003 *Third Prehearing Order and Notice of Prehearing Conference* (hereinafter "*Third Prehearing Order*") on file herein, hereby submit this *Response to Hearing Officer's Request for Additional Information*. This *Response* is supported by *Affidavit of Charles L. Honsinger in Support of Response to Hearing Officer's Request for Additional Information* (hereinafter "*Honsinger Affidavit*") filed herewith.

INTRODUCTION

The *Third Prehearing Order* requires that "any party alleging that any of United Water Idaho's (hereinafter "UWID") water rights involved in this matter have been forfeited shall file with IDWR

a list of the water right [sic] alleged to be forfeited and the factual basis for such forfeiture, including the time period of non-use and whether all or a part of the right has been forfeited.” *Third Prehearing Order*, pg. 2. In compliance with this Order, Protestants have reviewed the water rights subject to IMAP in light of the information that has been provided by UWID, and hereby submit the following analysis and responsive information.

ANALYSIS

The water rights listed below have been separated into three categories. The first category contains those water rights for which UWID’s pumping records establish that the associated wells have not been used for a period of five or more years during the period between the date listed as the water right’s priority date in IMAP and January, 1999 (January, 1999 is used because it is the last date shown in UWID’s pumping records provided to Protestants). *See Honsinger Affidavit*, Ex. C. Association of specific wells with specific water rights was determined by referring to the document entitled UWID Alternate Points of Diversion which is included as Tab “N” of IMAP. *See Honsinger Affidavit*, ¶ , Ex. B; *see also Honsinger Affidavit*, Ex. A - *UWID’s Responses to Protestants Discovery Requests*, p. 5 (Response to Request for Production No. 4). The water rights’ priority dates are likewise established by Tab “N” of IMAP. *See Honsinger Affidavit*, Ex. B. The non-use of the wells is confirmed by UWID’s Responses to Protestants’ Requests for Admission Nos. 1, 2, 3, 4, 7 and 8. *See Honsinger Affidavit*, Exhibit A, pp. 8, 9, 10, 12. For example, UWID admitted both that its records indicated that its Mountain View well did not pump water from June, 1939 through May, 1959 and March, 1968 through February, 1976; and that the Mountain View well was the licensed point of diversion for water right no. 63-02506. *See Honsinger Affidavit*, Ex. A (*UWID’s Responses to Protestants Discovery Requests*), Responses to Requests for Admission Nos.

1 and 2, pp. 8 - 9. These and the other admissions referenced hereinabove confirm that UWID's pumping records reflect non-use of wells listed as points of diversion for water rights that are subject to IMAP.

The second category of water rights listed below contains those right numbers and associated wells for which Applicant has provided no information regarding use of the same to Protestants (other than that which may be contained in the large volume of documents recently obtained by Protestants' counsel - *See Honsinger Affidavit*, ¶¶ 6 - 11). Because Protestants have not received information (or had an opportunity to analyze that which has been recently received, and which appears to be relevant to the issues discussed herein) regarding the pumping rates or volumes associated with these water rights, they are not in a position to concede that water diverted from the wells associated with these water rights has been used during all possible periods of five years or more.

Finally, the third category of water rights listed below contains the remaining right numbers and associated wells listed in the pumping records that were previously provided by UWID. Unfortunately, the records do not contain data from the period of time from 1940 - 1947, nor does the final part of the spreadsheet (showing pumping records for 6 wells) contain any data from any period of time after 1964. *See Honsinger Affidavit*, Ex. C. Moreover, UWID provided volumetric pumping information to Protestants, but provided no instantaneous flow rate pumping information (again with the possible exception of that information that may be contained in the large quantities of documents recently received by Protestants' attorney). *Id.* Without such information, Protestants cannot determine either: (1) whether water diverted from wells associated with certain water rights was used during the periods for which data is missing; or (2) whether the full quantity of water diverted from wells associated with particular water rights has been diverted at its full, authorized

diversion rate during any possible period of five years or more. Consequently, Protestants are not in a position to concede either point, and hereby reserve the right to continue their analysis of information recently made available, and provide the results of that analysis to the Hearing Officer at a future date.

Attorneys for Nampa & Meridian Irrigation District,

BEFORE THE DEPARTMENT OF WATER RESOURCES OF
THE STATE OF IDAHO

IN THE MATTER OF INTEGRATED	)	AFFIDAVIT OF CHARLES L.

(CONSISTING OF 99 APPLICATIONS FOR	)	RESPONSE TO HEARING OFFICER'S
TRANSFERS OF WATER RIGHTS, AND	)	REQUEST FOR ADDITIONAL

COUNTY OF ADA	)

CHARLES L. HONSINGER, being first duly sworn upon his oath, deposes and says that:

1. I am the attorney of record for Nampa & Meridian Irrigation District, the City of Meridian, the City of Caldwell, and the Terteling Entities (hereinafter "Protestants") in the above captioned matter.

2. I make this affidavit based upon my own personal knowledge and belief of the facts contained herein.

3. Attached hereto as Exhibit "A" is a true and accurate copy of *UWID's Responses to Protestants Nampa & Meridian Irrigation District, City of Caldwell, City of Meridian, and Terteling*

AFFIDAVIT OF CHARLES L. HONSINGER IN SUPPORT OF RESPONSE TO HEARING
OFFICER'S REQUEST FOR ADDITIONAL INFORMATION - Page 1

Entities' First Set of Discovery Requests to United Water Idaho.

4. Attached hereto as Exhibit "B" is a true and accurate copy of the document entitled "UWID Alternate Points of Diversion" which is attached as Tab N to the Integrated Municipal Application Package amended on April 9, 2003 and submitted to IDWR per order of the Hearing Officer.

5. Attached hereto as Exhibit "C" is a copy of the pumping records provided by United Water Idaho to me on February 20, 2003 (a true and accurate copy of the letter transmitting the records is also part of Exhibit "C"), and which, presumably, are referenced in Response to Request for Production No. 4 in UWID's *Responses to Protestants Nampa & Meridian Irrigation District, City of Caldwell, City of Meridian, and Terteling Entities' First Set of Discovery Requests to United Water Idaho*. The document is a spreadsheet in five separate parts which I have separated and denoted with blue tabs. At the top of the first page of each part of the spreadsheet, the names of certain wells are listed. On the top of each page in the spreadsheet, I have added by hand-annotation the water right numbers that are associated with each well referenced on the first page of each part of the spreadsheet. The basis for the association of specific wells with specific water rights is Exhibit "B" attached hereto, which specifies certain UWID wells that are associated with certain UWID water rights subject to this proceeding.

6. Attached hereto as Exhibit "D" is a true and accurate "printed-out" copy of an August 25, 2003 e-mail message I received from John M. Marshall, attorney for United Water Idaho, which responded to my e-mail message requesting a review of UWID documents that were referenced in UWID's responses to my clients' discovery requests.

7. On September 2, 2003, pursuant to an agreement with attorneys for United Water

Idaho, the Protestants' consultant and I examined documents located at the offices of Givens Pursley that were made available for our review by United Water Idaho. The documents made available were contained in numerous banker's boxes, bound volumes, three ring binders, spiral bound notebooks, and file folders. Although many of the documents were stacked on tables and desks, the documents filled one-half of a large office room. During our review of the documents, we determined that many of these documents contained information related to United Water Idaho's historical pumping activities and to water production of wells and water rights subject to the IMAP proceeding.

8. Although we were unable on September 2, 2003 to spend the amount of time necessary to carefully review and analyze all documents that were made available to us, pursuant to United Water Idaho's attorneys' instructions, the Protestants' consultant and I selected and marked documents we believed might be helpful in this matter for copying by The Litigation Document Group.

9. On September 8, 2003, The Litigation Document Group delivered to my offices three and one-half bankers boxes of documents, presumably containing the documents we had selected for copying. Attached hereto as Exhibit "E" is an invoice from the Litigation Document Group establishing that shipping of these documents occurred on September 8, 2003.

10. Attached hereto as Exhibit "F" is a true and accurate copy of one small portion of one volume of the records that were recently made available for our review. Exhibit "F" appears to be a compilation of 1979 - 1980 production records from UWID's "Brookhollow" well for which Protestants had received no production information prior to their review, and which is listed as a point of diversion for water right no. 63-08265 on Exhibit B attached hereto.

11. I have not had an opportunity to review and analyze the voluminous quantity of

documents we received on September 8, 2003 to determine whether or not they are helpful in responding to the Hearing Officer's June 20, 2003 request for additional information. Instead, I have focused my efforts on using information that was made available to me on February 20, 2003, and which I have had an opportunity to thoroughly analyze, to respond to the Hearing Officer's request for additional information.

Dated this 12th day of September, 2003.

ORIGINAL

United Water assumes the Protestants do not seek confidential information protected by a privilege. To the extent that the Protestants are requesting privileged information, United Water objects. These responses do not include any such confidential material.

United Water has made a good faith attempt to make these responses as informative as possible. However, United Water does not waive any objections it may have to the production and/or admissibility of any matter following.

INTERROGATORY NO. 1: Please set forth the name, address, telephone number, and occupation of each person you may call as a witness at the hearing on this matter, and for each such witness, state the substance of his/her expected testimony.

RESPONSE TO INTERROGATORY NO. 1: Please see UWID's Initial Disclosures dated October 31, 2003.

INTERROGATORY NO. 2: Please identify each person whom you have consulted as an expert in connection with this litigation and please identify each person whom you may call as an expert witness at the hearing of this action and state the subject matter on which such expert witness is expected to testify, the substance of the facts to which such expert witness is expected to testify and the substance of the opinions to which such expert witness is expected to testify as required by Rule 26(b)(4) of the applicable Rules of Civil Procedure together with all of the underlying facts and data as required by Rule 705 of the applicable Rules of Evidence.

RESPONSE TO INTERROGATORY NO. 2: Please see UWID's Initial Disclosures dated October 31, 2003.

INTERROGATORY NO. 3: Please identify each person with whom you or your representatives have communicated seeking information which in any way relates to the subject of this action.

RESPONSE TO INTERROGATORY NO. 3: Objection. This interrogatory is overly broad and a response would be overly burdensome. Notwithstanding this objection, on October 23, 2002, we previously provided you with a document entitled *Correspondence Dealing With Implementation of the 1996 Municipal Water Rights Act and United Water Idaho's Integrated Municipal Application Package*. We also have communicated with other municipalities across the country to obtain copies of their water quantity planning documents. We have accumulated a large number of documents in this regard available for your inspection at the offices of Given Pursley LLP.

INTERROGATORY NO. 4: Please identify each person who supplied answers to these interrogatories and designate the answers or answer or part thereof supplied by such person. (This interrogatory is intended to discover principal sources of information and does not seek to ascertain the identify of mere draftsmen or person responsible for the mechanical preparation of these answers.)

RESPONSE TO INTERROGATORY NO. 4: John Marshall, Scott Rhead and Roger Dittus worked collaboratively in answering these discovery requests.

INTERROGATORY NO. 5: Please separately identify each communication which in any way relates to the subject of this action or which you may offer in evidence at the trial of this action. For each such communication please identify:

- a. Whether the communication was oral or written
- b. Who were the parties to the communication
- c. The date of the communication
- d. The substance of the communication
- e. The relevance of the communication to the issues in this case.

RESPONSE TO INTERROGATORY NO. 5: See Response to Interrogatory No. 3.

REQUEST FOR PRODUCTION NO. 1: Please produce a copy of each and every written communication identified in your answer to Interrogatory No. 5.

RESPONSE TO REQUEST FOR PRODUCTION NO. 1: See Response to Interrogatory No. 3.

INTERROGATORY NO. 6: Please identify each exhibit which you may offer into evidence at the trial of this action, the fact or facts intended to be proved by the use of the exhibit or the relevance of which is felt to justify the use of the exhibit and as to each such exhibit which consists of 15 pages or more than 3,000 words, quote or otherwise specifically designate each portion of such exhibit which you contend is the relevant portions thereof.

RESPONSE TO INTERROGATORY NO. 6: Please see UWID's Initial Disclosures dated October 31, 2002.

REQUEST FOR PRODUCTION NO. 2: Please produce a copy of each and every exhibit identified in your answer to Interrogatory No. 6.

RESPONSE TO REQUEST FOR PRODUCTION NO. 2: Please see UWID's Initial Disclosures dated October 31, 2002.

INTERROGATORY NO. 7: If you contend that any of the Protestants has admitted a fact material to your position with respect to the subject of this action, please identify who made each admission, what the admission is and whether there are any documents which purport to reflect that an admission occurred.

RESPONSE TO INTERROGATORY NO. 7: UWID has not identified any such admissions at this time.

REQUEST FOR PRODUCTION NO. 3: Please produce all documents that you assert support or may support your position with respect to the subject of this action.

RESPONSE TO REQUEST FOR PRODUCTION NO. 3: Please see Response to Interrogatory No. 3. Also, all documents UWID has filed or lodged with IDWR in this matter and all documents exchanged through informal discovery.

REQUEST FOR PRODUCTION NO. 4: Please produce copies of all pumping records for each and every well you own, and/or each and every well through which any water rights you own or claim have ever been diverted, for each well's entire history of operation. For each well for which you produce records, please identify the water right(s) with which it is currently associated.

RESPONSE TO REQUEST FOR PRODUCTION NO. 4: We previously provided you with pumping records for all of United Water's wells. We are not in a position at this time to assign particular wells to particular rights. That task must await a legal determination of the status of each right and will depend on whether United Water is successful in obtaining integrated points of diversion ("IPD") for its ground water rights. The table behind Tab N in the IMAP provides a list of common well names associated with the rights as described in IDWR's records.

REQUEST FOR PRODUCTION NO. 5: Please produce complete and accurate pumping and non-pumping water level records for each and every well you own, and/or each and every well through which any water rights you own or claim have ever been diverted, for each well's entire history of operation. For each well for which you produce records, please identify the water right(s) with which it is currently associated.

RESPONSE TO REQUEST FOR PRODUCTION NO. 5: Objection. This requests information that is irrelevant and not calculated to lead to the discovery of admissible evidence. Moreover, a paper response to this request would be overly burdensome. However, United Water may have information responsive to this request available in its records and will make them available for inspection and copying. If you care to review these documents, contact us to arrange a time.

REQUEST FOR PRODUCTION NO. 6: Please produce pump performance curves for all pumps historically and currently installed in each and every well you own and/or each and every well through which any water rights you own or claim have ever been diverted. For each well for which you produce records, please identify the water right(s) with which it is currently associated.

RESPONSE TO REQUEST FOR PRODUCTION NO. 6: See Response to Request for Production No. 5.

REQUEST FOR PRODUCTION NO. 7: Please produce records establishing the size and horse-power of all pumps historically and currently installed in each and every well you own and/or each and every well through which any water rights you own or claim have ever been diverted. For each well for which you produce records, please identify the water right(s) with which it is currently associated.

RESPONSE TO REQUEST FOR PRODUCTION NO. 7: Please see Response Request for Production No. 5.

REQUEST FOR PRODUCTION NO. 8: Please produce all studies and/or documents that examine all historic well interference disputes in which you have been involved.

RESPONSE TO REQUEST FOR PRODUCTION NO. 8: Please see Response to Request for Production No. 5.

REQUEST FOR PRODUCTION NO. 9: Please provide a map accurately showing the location of all wells (labeled with the well's local name and the currently associated water right numbers) that are listed on Spreadsheet 5: Summary of Post-Change Points of Diversion attached to the Integrated Municipal Application Package as amended on March 20, 2002.

RESPONSE TO REQUEST FOR PRODUCTION NO. 9: On several occasions over the course of several months we have indicated that such a map is available for inspection by you at the offices of United Water Idaho Inc. or Givens Pursley LLP upon signing of a confidentiality agreement. We have not produced a copy of the map due to post 9-11 security concerns. To date, you have not taken advantage of our offers to view the map. You are welcome to review the map as often as you like at United Water Idaho Inc. or at Givens Pursley LLP upon signing a confidentiality agreement.

REQUEST FOR PRODUCTION NO. 10: Please provide copies of all Service Area Agreements for areas that are not contiguous with your primary service area.

RESPONSE TO REQUEST FOR PRODUCTION NO. 10: Objection. This requests information that is irrelevant and not calculated to lead to the discovery of admissible evidence. However, United Water may have information responsive to this request available in its records and will make them available for inspection and copying. If you care to review these documents, contact us to arrange a time.

REQUEST FOR PRODUCTION NO. 11: Please produce records establishing the total annual volume historically diverted from 1935 to the present for each and every well you own and/or each and every well through which any water rights you own or claim have ever

been diverted. For each well for which you produce records, please identify the water right(s) with which it is currently associated.

RESPONSE TO REQUEST FOR PRODUCTION NO. 11: This information is available through production records we have already provided. See Response to Request for Production No. 4.

REQUEST FOR PRODUCTION NO. 12: Please produce any and all claims to water rights that you have filed in the Snake River Basin Adjudication (including both amended and original claims) for all water rights that are subject to your Integrated Municipal Application Package.

RESPONSE TO REQUEST FOR PRODUCTION NO. 12: This information is available to you at IDWR.

INTERROGATORY NO. 8: Please identify any and all abandoned wells through which any water rights you own or claim have ever been diverted, together with the date of each abandoned well's abandonment. For each well that you identify, please identify the water right(s) with which it is currently associated.

RESPONSE TO INTERROGATORY NO. 8: United Water does not have a list of the information you request. However, United Water may have information responsive to this request available in its records and will make them available for inspection and copying. If you care to review these documents, contact us to arrange a time.

Re: United Water Idaho—IMAP
Our File No. 30-71

Dear Albert, Travis, Scott, Angela, Andy, Dan and Charlie:

This letter is in further response to your joint information request of November 26, 2002.

I enclose copies of United Water's monthly well production from 1935 through 1997. This information is responsive to several of your information requests seeking production information. Earlier we had stated that pre-1992 well pumping data was not in electronic format but would be available for review in non-electronic form. We have just discovered an electronic data set apparently created by a former employee of United Water that appears to be based on old records and pumping information. We came across this compilation yesterday afternoon. A quick review of the information it contains by technical personnel suggests it is indeed a compilation of the historic pumping records.

Also, John Church continues to work on your request to compare water demand projections with actual production over the past couple of years. This process has grown more

complicated as Mr. Church has progressed. United Water changed its billing system two years ago, and this has caused discrepancies in customer numbers that Mr. Church has to work through. In the meantime, I enclose copies of Mr. Church's analysis comparing population projections with estimates of actual population. This analysis shows that the projections may underestimate actual population for the years 2001 and 2002 by 2.7% and 2.1% respectively.

Mr. Church and UWID's technical staff are actively exploring a number of possible reasons for the discrepancy. It may relate to recent changes in instrumentation and record keeping systems. If you would like to explore the issue directly with Mr. Church, we can make him available. However, as I have said, his review is not yet complete.

Finally, we have compiled water planning information from a variety of cities around the country. This information collected so far fills five loose-leaf notebooks. We would be pleased to make arrangements for you to inspect and copy these materials at your expense.

Sincerely,

John M. Marshall

Charlie,

In attempting to coordinate with protestants for a document inspection date, it is clear there are widely varying views as to when and whether (at least in the foreseeable future) such an inspection should occur. Consequently, because we are not going to put United Water through multiple document inspections, we are going to have responsive documents available for review at our offices. They will be available beginning on the 29th of this month. Please call to coordinate a time for your review. Because of the large number of parties and copies involved, we are unable to make requested copies for you. We will have arrange for Document Litigation Group make copies of records you select. Each party will be responsible for paying their own copying charges.

IN THE MATTER OF INTEGRATED
MUNICIPAL APPLICATION PACKAGE
("IMAP") OF UNITED WATER IDAHO
INC., BEING A COLLECTION OF
INDIVIDUAL APPLICATIONS FOR
TRANSFERS OF WATER RIGHTS AND
APPLICATIONS FOR AMENDMENT OF
PERMITS

NOTICE OF MOOTNESS

On September 9, 2003, Pioneer Irrigation District and Settlers Irrigation District filed essentially identical motions for protective order in this matter. They were received by United Water Idaho Inc. ("United Water") on September 10, 2003.

On the same day as the motions were filed (September 9, 2003), United Water withdrew its notices of continued deposition under rule 30(b)(6) in response to a letter dated September 9, 2003 from counsel for Pioneer and Settlers, which, for the first time, clearly stated the Districts' refusal to provide additional witnesses.

Because United Water is not seeking additional discovery of Settlers and Pioneer under Rule 30(b)(6) at this time, the Districts' motions for protective order are moot.

IN THE MATTER OF INTEGRATED
MUNICIPAL APPLICATION PACKAGE
(CONSISTING OF 99 APPLICATIONS FOR
TRANSFERS OF WATER RIGHTS, AND 13
APPLICATIONS FOR AMENDMENT OF
PERMITS) IN THE NAME OF UNITED
WATER IDAHO, INC.

**PIONEER IRRIGATION DISTRICT'S MOTION
FOR PROTECTIVE ORDER**

Pioneer Irrigation District ("Pioneer"), by and through its counsel of record
Moffatt, Thomas, Barrett, Rock & Fields, Chtd., and in accordance with Idaho Rule of Civil
Procedure 30(b)(6), hereby moves the Hearing Officer for a protective order preventing United
Water Idaho ("UWID") from taking additional depositions under that rule. This motion is
predicated upon the fact that UWID has already conducted a deposition of Pioneer's
representative in accordance with Rule 30(b)(6), and cannot demand the deposition of another,
specific Pioneer representative in accordance with that rule.

Idaho Rule of Civil Procedure 30(b)(6) provides that:

A party may in the party's notice and in a subpoena name as the deponent a public or private corporation or a partnership or association or governmental agency and describe *with reasonable particularity* the matters on which examination is requested. In that event, the organization so named shall designate one or more officers, directors, *or managing agents* or other persons who consent to testify on its behalf, and may set forth, for each person designated, the matters on which the person will testify. . . . The person so designated shall testify as to matters known or reasonably available to the organization. This subdivision (b)(6) of this rule does not preclude taking a deposition by any other procedure authorized in these rules.

I.R.C.P. 30(b)(6) (emphasis added).

UWID served an original Notice of Deposition Duces Tecum of Pioneer Irrigation District, and an amended version of the same.¹ The notices provided in pertinent part, that:

You are required to designate one or more officers, directors or managing agents to be examined regarding:

1. Each and every basis for Pioneer Irrigation District's protest in this matter.
2. The conditions or modifications to the IMAP, if any, that would resolve your protest.

Exhibit A to Affidavit of Scott L. Campbell. It is debatable whether that notice complies with Rule 30(b)(6)'s requirement of a description of "reasonable particularity." That is particularly true given that UWID's examination went far beyond the matters set forth in the notice.

In accordance with the requirements of Rule 30(b)(6), Pioneer designated Mr. Jeff Scott, its superintendent, to testify at the Rule 30(b)(6) deposition. UWID has apparently found itself dissatisfied with Mr. Scott's responses, and now seeks to depose Mr. Kenneth Brush,

¹ Because the notice and amended notice are identical in all material respects, except the date, only the amended notice is attached to the Affidavit of Scott L. Campbell, filed concurrently herewith.

Chairman of the Board of Pioneer Irrigation District, pursuant to Rule 30(b)(6). Pioneer requests that the Hearing Officer issue a protective order to prevent that deposition, for several reasons.

First, Pioneer complied with the requirements of Rule 30(b)(6) when it named Mr. Scott as its 30(b)(6) witness. That designation was made in good faith, based upon the matters upon which UWID indicated it would be questioning Pioneer's 30(b)(6) designee. Therefore, UWID should not have a second bite at the apple merely because it is dissatisfied with Mr. Scott's responses.

Second, UWID has specifically named Mr. Kenneth Brush, chairman of Pioneer's Board as the person whom it wishes to depose pursuant to Rule 30(b)(6). Idaho Rule of Civil Procedure 30(b)(6) does not provide for the examining party to name the person it wishes to depose; that responsibility and ability is clearly left up to the party being deposed.

Third, Pioneer assumes that UWID will argue that Mr. Scott named Mr. Brush as someone who might know the answers to questions Mr. Scott could not answer and that this, therefore, gives UWID the right to designate Mr. Brush as a 30(b)(6) witness. In addition to the problem noted in the preceding paragraph, the discovery deadline has passed, and UWID did not seek to depose Mr. Brush prior to the discovery cut off. Affidavit of Scott L. Campbell. UWID may argue that it could not have designated Mr. Brush, because Mr. Scott was not deposed before the discovery deadline. However, Pioneer would remind UWID that in its discovery responses served July 17, 2003, several weeks prior to the discovery cutoff, Pioneer disclosed Mr. Brush and Mr. Scott as potential fact witnesses, along with Mr. Alan Newbill and Mr. Don Sayre, the other two members of the Pioneer Board of Directors. As to the matters to which they might testify, Pioneer responded that "[e]ach of the witnesses described above may testify

regarding the effect of the IMAP upon Pioneer's water rights, and the effect of the IMAP on the local public interest." Exhibit B to Campbell Affidavit, p. 4-5. Thus, UWID was provided with ample notice as to the matters upon which Mr. Brush could testify, and was also apprised that he might be a witness in this matter. UWID could have deposed Mr. Brush, as well as the other members of the Pioneer Board of Directors. It is not Pioneer's fault that UWID chose not to do so.

That latter point is particularly true given Rule 30(b)(6)'s express statement that "This subdivision (b)(6) of this rule does not preclude taking a deposition by any other procedure authorized in these rules." I.R.C.P. 30(b)(6). UWID had ample opportunity to depose Mr. Brush under other Rules of Civil Procedure.

Therefore, Pioneer respectfully requests that the Hearing Officer issue a protective order preventing UWID from deposing Mr. Kenneth Brush or any other representative of Pioneer. In accordance with Idaho Rules of Civil Procedure 26(c) and 37(a)(4), Pioneer further requests its costs and attorney fees in connection with this Motion.

These responses are made without prejudice to Pioneer's right to use in later discovery or to present at trial, such evidence as may later be discovered or evaluated.

2. Pioneer objects to the definitions and instructions to the extent they purport to require discovery requests beyond that required under the Idaho Rules of Civil Procedure. These responses are provided in accordance with the Idaho Rules of Civil Procedure irrespective of any definitions and instructions that may accompany these discovery requests.

3. These responses are made subject to all objections as to competence, relevance, materiality, and admissibility. These responses are subject to all objections that would require the exclusion of any statement, material, or information herein provided if such interrogatory were asked of or any statement, material, or information provided were made by witnesses present and testifying in court. All such objections are reserved and may be interposed at the time of trial.

4. Pioneer specifically objects to these discovery requests to the extent they seek information protected by the attorney-client privilege, the attorney work product doctrine, and the rules governing the discovery of facts of experts as set forth in Rule 26(b)(4), Idaho Rules of Civil Procedure. This objection is intended to apply to all of the discovery requests that seek such information and will not necessarily be repeated for each request to which it applies. Pioneer has, to the extent possible, construed each request as requesting only information and/or documents not subject to any applicable protection.

5. No incidental or implied admissions are intended. The fact that Pioneer has responded to any discovery request or part thereof should not be taken as an admission that Pioneer accepts that the discovery request or the response or objection thereto constitutes admissible evidence. Similarly, the fact that Pioneer has responded to all or part of an interrogatory is not intended to and shall not be construed to be a waiver by Pioneer of all or part of any objection to other interrogatories. Pioneer's answers to any discovery requests herein do not constitute a waiver of Pioneer's right to object to any future additional, or supplemental discovery requests regarding the same or similar matter.

6. Pioneer further objects to these discovery requests because they appear to attempt to separate out the transfer component of the IMAP from the applications for permit, and from the other significant legal issues involved in the IMAP, including but not limited to the appropriateness of an integrated points of diversion system, the appropriateness of a fifty year planning horizon and the applicability of the forfeiture doctrine to municipal water rights. UWID has consistently maintained that this is an "Integrated Municipal Application Package," and Pioneer maintains that it is impossible to consider the transfers of water rights contained within that package prior to and apart from the significant legal issues (as well as others) just described.

**RESPONSES TO INTERROGATORIES, REQUESTS FOR ADMISSION
AND REQUESTS FOR PRODUCTION OF DOCUMENTS**

INTERROGATORY NO. 1: Please identify yourself (the person responding to these discovery requests) and state your relationship with the District.

RESPONSE TO INTERROGATORY NUMBER 1: Kenneth E. Brush. Mr.

Brush is the President of the Board of Directors of Pioneer Irrigation District. Scott L. Campbell

and Angela Schaer Kaufmann, counsel for Pioneer, assisted Mr. Brush in preparing these responses.

INTERROGATORY NO. 2: Please identify each and every person with whom you consulted in preparing these responses.

RESPONSE TO INTERROGATORY NUMBER 2: See Response to Interrogatory Number 1.

INTERROGATORY NO. 3: Please identify each and every witness the Protestant intends to call (or may call) at the hearing in this matter. With respect to each of the witnesses so identified, please identify the person as a fact or expert witness, and state the subject matter and general substance of the facts and opinions to which he or she is expected to testify.

RESPONSE TO INTERROGATORY NUMBER 3: Objection. Discovery is still in its early stages, and Pioneer has not yet fully determined who it may call as a witness in this matter. Moreover, the Hearing Officer has not yet set a deadline for disclosure of witnesses. Subject to, and without waiving that objection, and reserving its right to disclose witnesses in accordance with the Hearing Officer's scheduling order(s), Pioneer states that it may call the following individuals as fact witnesses:

Jeff Scott, Superintendent
Pioneer Irrigation District
P.O. Box 426
Caldwell, ID 83606

Alan Newbill, Board Member
Pioneer Irrigation District
P.O. Box 426
Caldwell, ID 83606

Kenneth E. Brush, Board President
Pioneer Irrigation District
P.O. Box 426
Caldwell, ID 83606

Don Sayre, Board Member
Pioneer Irrigation District
P.O. Box 426
Caldwell, ID 83606

Each of the witnesses described above may testify regarding the effect of the IMAP upon Pioneer's water rights, and the effect of the IMAP on the local public interest.

Pioneer may also call the following expert witness: Don Reading of Ben Johnson Associates, Inc., 6070 Hill Road, Boise, ID 83703. Mr. Reading is expected to testify regarding the methodology and validity of the data used and conclusions reached by Mr. John Church.

Pioneer further reserves the right to examine each and every witness, whether fact or expert, who may be called by any other party in the above captioned matter.

INTERROGATORY NO. 4: Please identify each and every consultant or expert who has been consulted in connection with this proceeding or who has been employed, retained or engaged by the Protestant in connection with this matter. With respect to each of the persons so identified, please indicate the nature and purpose of their work as it relates to this proceeding, and indicate whether the person is expected to be called as a witness.

RESPONSE TO INTERROGATORY NUMBER 4: Objection. This interrogatory calls for material protected by the attorney-client privilege and the work product doctrine, and is not discoverable under Idaho Rule of Civil Procedure 26(B)(4)(b).

INTERROGATORY NO. 5: Please identify and describe each exhibit which the Protestant intends to introduce or utilize at the time of the hearing on the above action.

RESPONSE TO INTERROGATORY NUMBER 5: Objection. This interrogatory calls for material protected by the attorney-client privilege and work product doctrine. In addition, the Hearing Officer has not yet set a deadline for disclosure of exhibits. Subject to, and without waiving those objections, Pioneer has not yet determined what exhibits it

will introduce at the hearing in this matter. Pioneer will supplement this response in accordance with the Idaho Rules of Civil Procedure and the Hearing Officer's scheduling order(s).

INTERROGATORY NO. 6: Please describe in full, complete and material detail all statements and/or admissions relevant to the issues contested in this proceeding which the Protestant attributes to the Applicant or those speaking for the Applicant or in support of the Applicant's application. For each such statement or admission please state: (a) the substance thereof; (b) the identity of the person making the statement or admission; (c) the date and/or place where said admission was made; and (d) the identity of each and every person who heard, saw or observed each such statement or admission.

RESPONSE TO NO. INTERROGATORY NO. 6: Objection. This interrogatory is vague, ambiguous, overbroad, and compound. Subject to, and without waiving those objections, Pioneer states that it may use any statements or admissions made by UWID, including its counsel, employees, officers, directors, consultants, agents, and any others ("UWID") with actual or apparent authority to speak on behalf of UWID in the following contexts:

- a) the IMAP,
- b) any documents which UWID has disclosed in response to any of the Protestants' informal requests for information,
- c) any written statements UWID has disclosed in response to any of the Protestants' informal requests for information,
- d) any statements made by or on behalf of UWID at any hearing in this matter,

- e) any statements UWID makes in any pleadings filed or discovery responses served in this matter,
- f) any statements UWID makes in any depositions taken in this matter,
- g) any statements made in any correspondence to Pioneer, its counsel, or consultants,
- h) any statements made or reported in any news publication or report, whether written or oral.

Pioneer reserves the right to supplement this response in accordance with the Idaho Rules of Civil Procedure and the Hearing Officer's orders.

INTERROGATORY NO. 7: Please state each and every basis for the Protestant's protest.

RESPONSE TO INTERROGATORY NUMBER 7: Objection. This interrogatory calls for material protected by the attorney-client privilege and work product doctrine. Moreover, the protest speaks for itself. Subject to, and without waiving those objections, Pioneer refers UWID to its statement of the issues provided in this matter, as well as its initial response to Requests for Information, contained in correspondence from Scott L. Campbell to Christopher Meyer and John Marshall, dated May 27, 2003.

Pioneer notes that discovery in this matter is ongoing, as is Pioneer's analysis of the issues and pertinent facts. Pioneer reserves the right to supplement this response in accordance with the Idaho Rules of Civil Procedure.

REQUEST FOR ADMISSION NO. 1: Please admit that the transfers included in the Application will not injure other water rights within the meaning of Idaho Code § 42-222(1).

RESPONSE TO REQUEST FOR ADMISSION NUMBER 1: Denied.

REQUEST FOR ADMISSION NO. 2: Please admit that the transfers included in the Application will not result in enlargement of the water rights proposed for transfer within the meaning of Idaho Code § 42-222(1).

RESPONSE TO REQUEST FOR ADMISSION NUMBER 2: Denied.

REQUEST FOR ADMISSION NO. 3: Please admit that the transfers included in the Application are consistent with the “conservation of water within the state of Idaho” within the meaning of Idaho Code § 42-222(1).

RESPONSE TO REQUEST FOR ADMISSION NUMBER 3: Pioneer is without sufficient knowledge and information to respond to this request for admission and, therefore, denies the same.

REQUEST FOR ADMISSION NO. 4: Please admit that the transfers included in the Application will not “significantly affect the agricultural base of the local area” within the meaning of Idaho Code § 42-222(1).

RESPONSE TO REQUEST FOR ADMISSION NUMBER 4: Denied.

REQUEST FOR ADMISSION NO. 5: Please admit the transfers included in the Application are within the local public interest within the meaning of Idaho Code § 42-222(1).

RESPONSE TO REQUEST FOR ADMISSION NUMBER 5: Denied.

INTERROGATORY NO. 8: If your response to any of the Requests for Admission Numbers 1 through 5 was other than an unqualified admission, then for each such Request for Admission, please state with specificity each and every reason, fact, or opinion of which you are aware that prevents your unqualified admission.

RESPONSE TO INTERROGATORY NUMBER 8: Objection. This

interrogatory is compound and, in reality, constitutes five separate interrogatories. Pioneer further states that neither discovery nor its investigation of this matter is complete. Further, this interrogatory calls for material protected by the attorney-client and work product privileges. Finally, Pioneer objects on the basis that it is UWID's burden to affirmatively prove each and every element of Idaho Code section 42-222(1), and not Pioneer's burden to disprove those elements.

Subject to, and without waiving those objections, Pioneer states as follows:

1. As to Request for Admission Number 1 and its denial of the same, the transfers included in the Application will injure other water rights due to their contemplated incorporation and use of the integrated points of diversion system.
2. As to Request for Admission Number 2 and its denial of the same, the transfers may result in enlargement of the water rights due to the use of the integrated points of diversion system, and use of individual water rights in excess of the permitted, licensed, or decreed elements of those rights.
3. As to Request for Admission Number 3, Pioneer denied the same because it was without sufficient knowledge and information to answer that request for admission.
4. As to Request for Admission Number 4, if UWID is allowed to retain its current water rights, even though it admits that it does not currently use the entire quantity available under those paper water rights, and particularly if UWID is allowed to acquire water rights significantly in excess of current demand or demand projected in the reasonably near future, the agricultural base of the local area may be harmed because those involved in

agriculture may find themselves unable to acquire water rights due to UWID's senior but unused water rights.

5. As to Request for Admission Number 5, the transfers and the IMAP will not be in the local public interest because they will allow UWID to hold water rights in excess of current demand and use, thereby, tying up the public water resource. Further, the integrated points of diversion system will not be in the local public interest because it may lead to increased drawdowns in areas of certain wells, as well as increased impacts to surface water sources.

INTERROGATORY NO. 9: What is the total quantity of water available to the District under its water rights?

RESPONSE TO INTERROGATORY NUMBER 9: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence. It is also ambiguous as to the phrase "total quantity of water available."

INTERROGATORY NO. 10: Please describe and quantify the hydrologic impact on the District's water rights which is likely to result if the Application were approved.

RESPONSE TO INTERROGATORY NUMBER 10: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

INTERROGATORY NO. 11: Please describe and quantify the financial impact on the District which is likely to result if the Application were approved.

RESPONSE TO INTERROGATORY NUMBER 11: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

INTERROGATORY NO. 12: Please state whether the District has a water conservation program in effect today. Please describe in full the District's water conservation efforts or program. Please include a discussion of the history and development of the efforts or program.

RESPONSE TO INTERROGATORY NUMBER 12: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

INTERROGATORY NO. 13: Please identify, describe and summarize the results of all studies, by the District or others, assessing or evaluating the success of the District's water conservation efforts.

RESPONSE TO INTERROGATORY NUMBER 13: See Response to Interrogatory Number 12.

INTERROGATORY NO. 14: Please provide a quantification of water use by each user group served by the District for which the District keeps separate records. For example, if the District keeps records based on agricultural, commercial or domestic users, please provide a breakdown showing the total quantity of use for each group.

RESPONSE TO INTERROGATORY NUMBER 14: Objection. This

interrogatory seeks information which is irrelevant to the IMAP proceeding, and this interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

INTERROGATORY NO. 15: Please identify which of the Applicant's water

rights included in the Application have been forfeited. For each water right identified, please state all the facts upon which you base your contention that the right has been forfeited.

RESPONSE TO INTERROGATORY NUMBER 15: Objection. Pioneer has not

been able to fully make this determination because UWID continues to refuse to provide the information which Pioneer first requested in November 2002. Moreover, the Hearing Officer has ordered that the information requested in this interrogatory be disclosed on or before September 12, 2003, after discovery is closed. Subject to, and without waiving that objection, Pioneer's analysis in this regard is ongoing and has not been completed.

Pioneer reserves the right to supplement this response in accordance with the Idaho Rules of Civil Procedure and the Hearing Officer's Third PreHearing Order.

INTERROGATORY NO. 16: Does the District disagree with the methodology

used by Mr. Church and the conclusion he reached in creating the population and water demand projections in the Application? Please identify any such disagreements and explain.

RESPONSE TO INTERROGATORY NUMBER 16: Pioneer continues to review

and refine its analysis of Mr. Church's methodology and conclusions, and has not yet reached conclusions of its own. Pioneer will supplement this response in accordance with the Idaho Rules of Civil Procedure and the Hearing Officer's Third PreHearing Order.

INTERROGATORY NO. 17: You have stated in responses to informal information requests that the Applicant's planning area is speculative and in conflict with the Municipal Water Rights Act of 1996.

RESPONSE TO INTERROGATORY NUMBER 17: Objection. No question was asked.

INTERROGATORY NO. 18: Explain why the District believes the Applicant should have a planning horizon for a maximum of 25 years.

RESPONSE TO INTERROGATORY NUMBER 18: The *maximum* planning horizon should be 25 years because, upon information and belief, that is the maximum period of time for which cities, counties and local agencies plan. Any period of time beyond 25 years renders projections such as population and water demand speculative and completely unreliable.

INTERROGATORY NO. 19: What plans does the District have to annex new lands?

RESPONSE TO INTERROGATORY NUMBER 19: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

INTERROGATORY NO. 20: How many pressurized, residential irrigation systems or hook-ups does the District serve? (This interrogatory does not inquire as to the number of individual lots or parcels served by Pioneer [] sic).

RESPONSE TO INTERROGATORY NUMBER 20: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this

interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

INTERROGATORY NO. 21: Please explain how you quantify and track residential irrigation water use?

RESPONSE TO INTERROGATORY NUMBER 21: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

INTERROGATORY NO. 22: What is the average annual per capita usage in volume of water per irrigated acre and per customer for your members who use water for residential irrigation?

RESPONSE TO INTERROGATORY NUMBER 22: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

INTERROGATORY NO. 23: Has the District undertaken any planning for projected future water demands? If so, explain what it has done in this regard, who did or is doing the work, what the status of the work is, and what conclusions or tentative conclusions have been reached.

RESPONSE TO INTERROGATORY NUMBER 23: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this

interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

REQUEST FOR PRODUCTION NO. 1: Please produce any and all documents which bear upon or provide evidence with respect to the decision by the District to file a protest in this matter. This Request for Production seeks production by the District of documents which include, but are not limited to, official minutes of any regular or special meeting of the District Council or its members, and all resolutions, ordinances, policies, directives, or other formal or informal actions of the District with respect to the District's protest of this water right transfer.

RESPONSE TO REQUEST FOR PRODUCTION NO. 1: Objection. Calls for material protected by the attorney-client privilege and work product doctrines. Subject to, and without waiving that objection, see the documents attached hereto.

REQUEST FOR PRODUCTION NO. 2: Please produce all documents displaying the hydrologic impact that the Application would have on the District's water rights if the Application were approved.

RESPONSE TO REQUEST FOR PRODUCTION NO. 2: Pioneer has no such responsive documents at this time. Pioneer reserves the right to supplement this response in accordance with the Idaho Rules of Civil Procedure.

REQUEST FOR PRODUCTION NO. 3: Please produce all documents concerning the District's water conservation efforts or program.

RESPONSE TO REQUEST FOR PRODUCTION NO. 3: See Response to Interrogatory Number 12.

REQUEST FOR PRODUCTION NO. 4: Please produce all documents concerning the District's evaluation of the Applicant's planning area.

RESPONSE TO REQUEST FOR PRODUCTION NO. 4: Objection. Calls for material protected by the attorney-client privilege and work product doctrine. Subject to, and without waiving that objection, Pioneer states that the responsive documents are those which have been provided by UWID to Pioneer in response to Pioneer's informal requests for information. Pioneer reserves the right to supplement this response in accordance with the Idaho Rules of Civil Procedure.

REQUEST FOR PRODUCTION NO. 5: Please produce all documents concerning the District's evaluation of the Applicant's planning horizon.

RESPONSE TO REQUEST FOR PRODUCTION NO. 5: Objection. Calls for material protected by the attorney-client privilege and work product doctrine. Subject to, and without waiving that objection, Pioneer states that the responsive documents are those which have been provided by UWID to Pioneer in response to Pioneer's informal requests for information. Pioneer reserves the right to supplement this response in accordance with the Idaho Rules of Civil Procedure.

REQUEST FOR PRODUCTION NO. 6: Please produce all documents concerning the District's evaluation of forfeiture of any of Applicant's water rights.

RESPONSE TO REQUEST FOR PRODUCTION NO. 6: Objection. Calls for material protected by the attorney-client privilege and work product doctrine. Subject to, and without waiving that objection, Pioneer states that the responsive documents are those which have been provided by UWID to Pioneer in response to Pioneer's informal requests for

information. Pioneer reserves the right to supplement this response in accordance with the Idaho Rules of Civil Procedure.

QUITCLAIM DEEDS: It was moved, seconded and carried to sign a Quitclaim Deed to Raul C. Anguiana and Editha Mejia for property assessed under Account #1762-2, upon payment of \$193.61 to cover all assessments owing on said account.

CROSSING AGREEMENTS: It was moved, seconded and carried to sign the following Standard Crossing Agreements:

IDAHO POWER CO. for crossing the Steven's Lateral four times within Crestwood Estates #2, in road right-of-way, at the location described in their Exhibit A, in order to construct, operate, inspect, maintain and repair a 12.5 KV underground distribution power line;

IDACOMM, Inc. for crossing the 13.3 Lateral and 13.3 East with an underground and aerial fiber optic cable; and

CITY OF CALDWELL for crossing the Phyllis Canal with a 10" sewer main for Southgate Subdivision at Airport Avenue.

CONSTRUCTION, OPERATION AND MAINTENANCE AGREEMENTS: Attorney Campbell has completed the draft for said agreements for Ashton Hills, Black Hawk and Monarch Subdivision. Said drafts have been reviewed and are acceptable with Pioneer. Should the representatives for said subdivisions sign the agreements as written, it was moved, seconded and carried for the President of Pioneer's Board to sign them upon receipt of the same.

ARROWROCK: Letter of Agreement for Repayment of Rehabilitation Costs was sent to Pioneer. It was the consensus of the Board to put this matter on hold until Attorney Campbell has addressed some concerns contained therein with the Bureau of Reclamation.

UNITED WATER: Mr. Scott Rhead of United Water had requested a slot on the Board's agenda to inform the Board on the stand which United Water has taken on some issues of concern. The Board granted him his request and listened to what he had to say. No discussion took place nor was any Board action required.

THIES LITIGATION: A letter was sent to Attorney Campbell regarding said litigation from William F. Gigray, III who is representing the Canyon Highway Dist. #4. Said letter stated the Highway District is willing to provide all of the material and bedding for the tiling project on Laster Lane, and the City of Caldwell is willing to perform any necessary engineering and the equipment and labor necessary for the excavation and installation of the tiling of the High Line Canal along Laster Lane. It was stated, however, that the Highway District is not willing to pay the attorney fees Pioneer Irrigation District has expended to defend the District on said litigation. It was the consensus of the Board to not enter into said settlement due to the legal expenses not being covered which were expended on a matter for which the District held no responsibility.

CH2M Hill: An agreement with CH2M Hill for the Lucky Peak Storage Contract Environmental Assessment was presented to the Board by Mr. Campbell. It was the consensus of the Board to sign said Agreement upon the recommendation of Mr. Campbell. The same was signed and returned to Attorney Campbell this day.

There being no further business appearing before the Board, meeting was adjourned.

ATTEST: *Nalda E. Kelleher* *Kenneth E. Brush*
NALDA E. KELLEHER, Secretary KENNETH E. BRUSH, President

COULTER BAY, etc. - Continued: Mr. Bailey was informed that a Crossing Agreement would need to be in place prior to the beginning of said work. The gentlemen were informed by Attorney Campbell that they would need to contact the Bureau of Reclamation and perhaps the Corp of Engineers as well as the Department of Water Resources for their plans which involve the Purdam Drain and Mason Creek, and issues which have to do with the Clean Water Act. These issues need to be resolved prior to Pioneer Irrigation District giving approval or signing a crossing agreement. Mr. Amar and Mr. Cox stated they would make the necessary contacts and be in contact with Supt. Jeff Scott and Attorney Campbell.

UNITED WATER: Mr. Scott Reed of United Water appeared before the Board regarding a deep well they wish to drill at Maple Hills and Franklin Road which Pioneer's Attorney has filed a protest against. A test well has been dug and it has been determined the producing zone is 265 feet. United Water has proposed to put a sealed casing down to the 265-foot depth. Mr. Reed presented other arguments as to why this well should not damage Pioneer's water rights. Attorney Campbell has presented to United Water the conditions for which Pioneer would withdraw their protest, but United Water representatives have determined to not comply with those conditions. It was the consensus of the Board to proceed with the District's protest.

EARL & ASSOC.: Attorney Campbell expressed concern about some of the language contained in the letters the District's engineer has sent out. It was the consensus of the Board to see if Mr. Mason can attend next month's Board meeting.

Attorney Campbell advised the Board on the development of matters he is representing the District on.

There being no further business appearing before the Board, meeting was adjourned.

ATTEST:

NAIDA E. KELLEHER, Secretary

KENNETH E. BRUSH, President

January 7, 2003

Caldwell, Idaho

Reorganization Meeting

The new Board was called to order with the following present: Kenneth E. Brush, Alan Newbill, and newly re-elected Donald F. Sayre. Mr. Sayre was sworn in for a term of three years. It was moved, seconded and carried to re-elect Kenneth E. Brush as President for the coming year.

It was moved, seconded and carried to appoint Jeffrey C. Scott as Superintendent & Naida E. Kelleher as Secretary-Treasurer. Mr. Scott has selected Mark Zirschky to be the District's new Asst. Superintendent.

Per Diem for the Directors was again set at \$75 per meeting, and each Director to continue to receive a \$5.00 per month telephone allowance.

It was the consensus of the Board to continue holding the regularly scheduled meetings of the Board on the 7th of each month unless the 7th falls on a weekend or holiday, on which occasion the Board will meet the following working day.

NAMPA CITY ORDINANCES: It was the consensus of the Board to approve Ordinances #3115 for 1.82 acres and #3117 for 39.97 acres, whereby the City of Nampa annexes land from Pioneer Irrigation District into the Municipal Irrigation District of the City of Nampa for the purpose of distributing irrigation water to said parcels.

GLENN MEADOWS SUB.: A request was received from Attorney Wm. F. Gigray on behalf of Dr. Gilbert Hafen for Pioneer Irrigation District to share in the cost of the construction of the Spruce Street and Georgia Avenue pump site and the new pump to serve said subdivision.

A letter was also received from the City of Caldwell's Engineering Office regarding the City's review of the construction plans for the pressure irrigation for the referenced development. The City's redlined plans stipulate the pressure irrigation system will be owned, operated and maintained by Pioneer Irrigation District with an agreement specifying maintenance responsibility, including surface repair, to be by Pioneer.

It was the consensus of the Board to deny the request for Pioneer to share in the cost of the pump site, and also to deny entering into any agreement which would specify that Pioneer would accept the responsibility for maintaining facilities constructed in public right-of-ways.

MANCHESTER PARK #8: Upon the recommendation of the District's engineering firm to approve and accept the pressure irrigation and distribution system for Phase #8 of Manchester Park, it was the consensus of the Board to accept the same.

MARBLE VALLEY #1 & #2 AND STONEGATE SUBDIVISION #2: The District is in receipt of recommendations from the District's engineering firm to approve and accept into Pioneer's system the pressure irrigation and distribution systems for the above two named subdivisions. Attorney Campbell stated he had not been contacted regarding Construction, Operation and Maintenance Agreements for these two subdivisions. It was the consensus of the Board to table acceptance of the pressure irrigation and distribution systems for the above two named subdivisions until the Construction, Operation and Maintenance Agreements are in place.

WEST WIND DEVELOPMENT submitted a request for permission to tie into the 3" irrigation line on the north side of Ashton Hills Subdivision. It was moved, seconded and carried to approve said request.

FRED C. SCHREFFLER submitted a Claim for Damage or Injury regarding a 4" irrigation line which was on the District's easement, and was run over by a District employee who was spraying weeds. It was the consensus of the Board to deny the claim in the amount of \$100.00.

PERSONNEL: Supt. Freeman submitted to the Board for information purposes the letter he wrote to Ronald R. Burcham, Ditchrider on Ride #1, as was requested by the Board at last month's meeting. Said letter was read by and signed by Mr. Burcham. A summary of the meeting with Mr. Burcham was also given to the Board for informational purposes.

A letter received from the Manchester Park Board of Directors was also given to the Board. Said letter commended Chuck Meyers, Ditchrider #5, for his efforts on behalf of the waterusers in Manchester Park.

BY-LAWS: A copy of the District's By-Laws was given to Director Alan Newbill for his information.

LEGAL MATTERS: Attorney Campbell advised the Board of the litigation status of the Thies lawsuit, the United Water transfer, and gave a progress report of the Snake River Basin Adjudication. No action was required. There being no further business appearing before the Board, meeting was adjourned.

**BEFORE THE DEPARTMENT OF WATER RESOURCES

IN THE MATTER OF INTEGRATED
MUNICIPAL APPLICATION PACKAGE
(CONSISTING OF 99 APPLICATIONS FOR
TRANSFERS OF WATER RIGHTS, AND 13
APPLICATIONS FOR AMENDMENT OF
PERMITS) IN THE NAME OF UNITED
WATER IDAHO, INC.

**SETTLERS IRRIGATION DISTRICT'S
MOTION FOR PROTECTIVE ORDER**

Settlers Irrigation District ("Settlers"), by and through its counsel of record
Moffatt, Thomas, Barrett, Rock & Fields, Chtd., and in accordance with Idaho Rule of Civil
Procedure 30(b)(6), hereby moves the Hearing Officer for a protective order preventing United
Water Idaho ("UWID") from taking additional depositions under that rule. This motion is
predicated upon the fact that UWID has already conducted a deposition of Settlers'
representative in accordance with Rule 30(b)(6), and cannot demand the deposition of another,
specific Settlers representative in accordance with that rule.

Idaho Rule of Civil Procedure 30(b)(6) provides that:

A party may in the party's notice and in a subpoena name as the deponent a public or private corporation or a partnership or association or governmental agency and describe *with reasonable particularity* the matters on which examination is requested. In that event, the organization so named shall designate one or more officers, directors, *or managing agents* or other persons who consent to testify on its behalf, and may set forth, for each person designated, the matters on which the person will testify. . . . The person so designated shall testify as to matters known or reasonably available to the organization. This subdivision (b)(6) of this rule does not preclude taking a deposition by any other procedure authorized in these rules.

I.R.C.P. 30(b)(6) (emphasis added).

UWID served an original Notice of Deposition Duces Tecum of Settlers Irrigation District, and an amended version of the same.¹ The notices provided in pertinent part, that:

You are required to designate one or more officers, directors or managing agents to be examined regarding:

1. Each and every basis for Settlers Irrigation District's protest in this matter.
2. The conditions or modifications to the IMAP, if any, that would resolve your protest.

Exhibit A to Affidavit of Scott L. Campbell. It is debatable whether that notice complies with Rule 30(b)(6)'s requirement of a description of "reasonable particularity." That is particularly true given that UWID's examination went far beyond the matters set forth in the notice.

In accordance with the requirements of Rule 30(b)(6), Settlers designated Mr. Nathan Draper, its manager, to testify at the Rule 30(b)(6) deposition. UWID has apparently found itself dissatisfied with Mr. Draper's responses, and now seeks to depose Mr. Richard

¹ Because the notice and amended notice are identical in all material respects, except the date, only the amended notice is attached to the Affidavit of Scott L. Campbell, filed concurrently herewith.

Allen, President of the Board of Settlers Irrigation District, pursuant to Rule 30(b)(6). Settlers requests that the Hearing Officer issue a protective order to prevent that deposition, for several reasons.

First, Settlers complied with the requirements of Rule 30(b)(6) when it named Mr. Draper as its 30(b)(6) witness. That designation was made in good faith, based upon the matters upon which UWID indicated it would be questioning Settlers' 30(b)(6) designee. Therefore, UWID should not have a second bite at the apple merely because it is dissatisfied with Mr. Draper's responses.

Second, UWID has now specifically named Mr. Allen, President of Settlers' Board as the person whom it wishes to depose pursuant to Rule 30(b)(6). Idaho Rule of Civil Procedure 30(b)(6) does not provide for the examining party to name the person it wishes to depose; that responsibility and ability is clearly left up to the party being deposed.

Third, Settlers assumes that UWID will argue that Mr. Allen is someone who might know the answers to questions Mr. Draper could not answer and that this, therefore, gives UWID the right to designate Mr. Allen as a 30(b)(6) witness. In addition to the problem noted in the preceding paragraph, the discovery deadline has passed, and UWID did not seek to depose Mr. Allen prior to the discovery cut off. Affidavit of Scott L. Campbell.

UWID may argue that it could not have designated Mr. Allen, because Mr. Draper was not deposed before the discovery deadline. However, Settlers would remind UWID that in its discovery responses served July 17, 2003, several weeks prior to the discovery cutoff, Settlers disclosed Mr. Allen and Mr. Draper as potential fact witnesses, along with Mr. Ken Aschenbrenner and Mr. Tom Davis, the other two members of the Settlers Board of Directors. As to the matters to which they might testify, Settlers responded that "[e]ach of the witnesses

described above may testify regarding the effect of the IMAP upon Settlers' water rights, and the effect of the IMAP on the local public interest." Exhibit B to Campbell Affidavit, p.. 4-5. Thus, UWID was provided with ample notice as to the matters upon which Mr. Allen could testify, and was also apprised that he might be a witness in this matter. UWID could have deposed Mr. Allen, as well as the other members of the Settlers Board of Directors. It is not Settlers' fault that UWID chose not to do so.

That latter point is particularly true given Rule 30(b)(6)'s express statement that "This subdivision (b)(6) of this rule does not preclude taking a deposition by any other procedure authorized in these rules." I.R.C.P. 30(b)(6). UWID had ample opportunity to depose Mr. Allen under other Rules of Civil Procedure.

Therefore, Settlers respectfully requests that the Hearing Officer issue a protective order preventing UWID from deposing Mr. Richard Allen or any other representative of Settlers. In accordance with Idaho Rules of Civil Procedure 26(c) and 37(a)(4), Settlers further requests its costs and attorney fees in connection with this Motion.

Settlers Irrigation District ("Settlers") hereby responds to UWID's First Set of
Discovery Requests to Settlers Irrigation District, pursuant to the Idaho Rules of Civil Procedure,
the Idaho Department of Water Resources' Rules of Procedure, and the Hearing Officer's Third
PreHearing Order.

GENERAL OBJECTIONS

1. Settlers has not completed its own investigations and/or discovery.

Accordingly, the responses that follow are based upon the best knowledge, information, and

belief of Settlers at this time. Settlers reserves the right to make any further responses if it appears that any omission or error has been made in connection with these responses or that more accurate information is or has become available. These responses are made without prejudice to Settlers' right to use in later discovery or to present at trial, such evidence as may later be discovered or evaluated.

2. Settlers objects to the definitions and instructions to the extent they purport to require discovery requests beyond that required under the Idaho Rules of Civil Procedure. These responses are provided in accordance with the Idaho Rules of Civil Procedure irrespective of any definitions and instructions that may accompany these discovery requests.

3. These responses are made subject to all objections as to competence, relevance, materiality, and admissibility. These responses are subject to all objections that would require the exclusion of any statement, material, or information herein provided if such interrogatory were asked of or any statement, material, or information provided were made by witnesses present and testifying in court. All such objections are reserved and may be interposed at the time of trial.

4. Settlers specifically objects to these discovery requests to the extent they seek information protected by the attorney-client privilege, the attorney work product doctrine, and the rules governing the discovery of facts of experts as set forth in Rule 26(b)(4), Idaho Rules of Civil Procedure. This objection is intended to apply to all of the discovery requests that seek such information and will not necessarily be repeated for each request to which it applies. Settlers has, to the extent possible, construed each request as requesting only information and/or documents not subject to any applicable protection.

5. No incidental or implied admissions are intended. The fact that Settlers has responded to any discovery request or part thereof should not be taken as an admission that Settlers accepts that the discovery request or the response or objection thereto constitutes admissible evidence. Similarly, the fact that Settlers has responded to all or part of an interrogatory is not intended to and shall not be construed to be a waiver by Settlers of all or part of any objection to other interrogatories. Settlers' answers to any discovery requests herein do not constitute a waiver of Settlers' right to object to any future additional, or supplemental discovery requests regarding the same or similar matter.

6. Settlers further objects to these discovery requests because they appear to attempt to separate out the transfer component of the IMAP from the applications for permit, and from the other significant legal issues involved in the IMAP, including but not limited to the appropriateness of an integrated points of diversion system, the appropriateness of a fifty year planning horizon and the applicability of the forfeiture doctrine to municipal water rights. UWID has consistently maintained that this is an "Integrated Municipal Application Package," and Settlers maintains that it is impossible to consider the transfers of water rights contained within that package prior to and apart from the significant legal issues (as well as others) just described.

**RESPONSES TO INTERROGATORIES, REQUESTS FOR ADMISSION
AND REQUESTS FOR PRODUCTION OF DOCUMENTS**

INTERROGATORY NO. 1: Please identify yourself (the person responding to these discovery requests) and state your relationship with the District.

RESPONSE TO INTERROGATORY NUMBER 1: Tom Davis. Mr. Davis is the Vice-President of the Board of Directors of Settlers Irrigation District. Scott L. Campbell and Angela Schaer Kaufmann, counsel for Settlers, assisted Mr. Davis in preparing these responses.

RESPONSE TO INTERROGATORY NUMBER 2: See Response to Interrogatory Number 1.

INTERROGATORY NO. 3: Please identify each and every witness the Protestant intends to call (or may call) at the hearing in this matter. With respect to each of the witnesses so identified, please identify the person as a fact or expert witness, and state the subject matter and general substance of the facts and opinions to which he or she is expected to testify.

RESPONSE TO INTERROGATORY NUMBER 3: Objection. Discovery is still in its early stages, and Settlers has not yet fully determined who it may call as a witness in this matter. Moreover, the Hearing Officer has not yet set a deadline for disclosure of witnesses. Subject to, and without waiving that objection, and reserving its right to disclose witnesses in accordance with the Hearing Officer's scheduling order(s), Settlers states that it may call the following individuals as fact witnesses:

Nathan Draper, Manager
Settlers Irrigation District
P.O. Box 7571
Boise, ID 83707

Richard E. Allen, Board President
Settlers Irrigation District
P.O. Box 7571
Boise, ID 83707

Ken Aschenbrenner, Board Member
Settlers Irrigation District
P.O. Box 7571
Boise, ID 83707

Tom Davis, Board Member
Settlers Irrigation District
P.O. Box 7571
Boise, ID 83707

Each of the witnesses described above may testify regarding the effect of the IMAP upon Settlers' water rights, and the effect of the IMAP on the local public interest.

Settlers may also call the following expert witness: Don Reading of Ben Johnson Associates, Inc., 6070 Hill Road, Boise, ID 83703. Mr. Reading is expected to testify regarding the methodology and validity of the data used and conclusions reached by Mr. John Church.

Settlers further reserves the right to examine each and every witness, whether fact or expert, who may be called by any other party in the above captioned matter.

INTERROGATORY NO. 4: Please identify each and every consultant or expert who has been consulted in connection with this proceeding or who has been employed, retained or engaged by the Protestant in connection with this matter. With respect to each of the persons so identified, please indicate the nature and purpose of their work as it relates to this proceeding, and indicate whether the person is expected to be called as a witness.

RESPONSE TO INTERROGATORY NUMBER 4: Objection. This interrogatory calls for material protected by the attorney-client privilege and the work product doctrine, and is not discoverable under Idaho Rule of Civil Procedure 26(B)(4)(b).

INTERROGATORY NO. 5: Please identify and describe each exhibit which the Protestant intends to introduce or utilize at the time of the hearing on the above action.

RESPONSE TO INTERROGATORY NUMBER 5: Objection. This interrogatory calls for material protected by the attorney-client privilege and work product doctrine. In addition, the Hearing Officer has not yet set a deadline for disclosure of exhibits. Subject to, and without waiving those objections, Settlers has not yet determined what exhibits it will introduce at the hearing in this matter. Settlers will supplement this response in accordance with the Idaho Rules of Civil Procedure and the Hearing Officer's scheduling order(s).

INTERROGATORY NO. 6: Please describe in full, complete and material detail

all statements and/or admissions relevant to the issues contested in this proceeding which the Protestant attributes to the Applicant or those speaking for the Applicant or in support of the Applicant's application. For each such statement or admission please state: (a) the substance thereof; (b) the identity of the person making the statement or admission; (c) the date and/or place where said admission was made; and (d) the identity of each and every person who heard, saw or observed each such statement or admission.

RESPONSE TO NO. INTERROGATORY NO. 6: Objection. This interrogatory is vague, ambiguous, overbroad, and compound. Subject to, and without waiving those objections, Settlers states that it may use any statements or admissions made by UWID, including its counsel, employees, officers, directors, consultants, agents, and any others ("UWID") with actual or apparent authority to speak on behalf of UWID in the following contexts:

- a) the IMAP,
- b) any documents which UWID has disclosed in response to any of the Protestants' informal requests for information,
- c) any written statements UWID has disclosed in response to any of the Protestants' informal requests for information,
- d) any statements made by or on behalf of UWID at any hearing in this matter,
- e) any statements UWID makes in any pleadings filed or discovery responses served in this matter,
- f) any statements UWID makes in any depositions taken in this matter,

- g) any statements made in any correspondence to Settlers, its counsel, or consultants,
- h) any statements made or reported in any news publication or report, whether written or oral.

Settlers reserves the right to supplement this response in accordance with the Idaho Rules of Civil Procedure and the Hearing Officer's orders.

INTERROGATORY NO. 7: Please state each and every basis for the Protestant's protest.

RESPONSE TO INTERROGATORY NUMBER 7: Objection. This interrogatory calls for material protected by the attorney-client privilege and work product doctrine. Moreover, the protest speaks for itself. Subject to, and without waiving those objections, Settlers refers UWID to its statement of the issues provided in this matter, as well as its initial response to Requests for Information, contained in correspondence from Scott L. Campbell to Christopher Meyer and John Marshall, dated May 27, 2003.

Settlers notes that discovery in this matter is ongoing, as is Settlers' analysis of the issues and pertinent facts. Settlers reserves the right to supplement this response in accordance with the Idaho Rules of Civil Procedure.

REQUEST FOR ADMISSION NO. 1: Please admit that the transfers included in the Application will not injure other water rights within the meaning of Idaho Code § 42-222(1).

RESPONSE TO REQUEST FOR ADMISSION NUMBER 1: Denied.

REQUEST FOR ADMISSION NO. 2: Please admit that the transfers included in the Application will not result in enlargement of the water rights proposed for transfer within the meaning of Idaho Code § 42-222(1).

RESPONSE TO REQUEST FOR ADMISSION NUMBER 2: Denied.

REQUEST FOR ADMISSION NO. 3: Please admit that the transfers included in the Application are consistent with the “conservation of water within the state of Idaho” within the meaning of Idaho Code § 42-222(1).

RESPONSE TO REQUEST FOR ADMISSION NUMBER 3: Settlers is without sufficient knowledge and information to respond to this request for admission and, therefore, denies the same.

REQUEST FOR ADMISSION NO. 4: Please admit that the transfers included in the Application will not “significantly affect the agricultural base of the local area” within the meaning of Idaho Code § 42-222(1).

RESPONSE TO REQUEST FOR ADMISSION NUMBER 4: Denied.

REQUEST FOR ADMISSION NO. 5: Please admit the transfers included in the Application are within the local public interest within the meaning of Idaho Code § 42-222(1).

RESPONSE TO REQUEST FOR ADMISSION NUMBER 5: Denied.

INTERROGATORY NO. 8: If your response to any of the Requests for Admission Numbers 1 through 5 was other than an unqualified admission, then for each such Request for Admission, please state with specificity each and every reason, fact, or opinion of which you are aware that prevents your unqualified admission.

RESPONSE TO INTERROGATORY NUMBER 8: Objection. This

interrogatory is compound and, in reality, constitutes five separate interrogatories. Settlers further states that neither discovery nor its investigation of this matter is complete. Further, this interrogatory calls for material protected by the attorney-client and work product privileges. Finally, Settlers objects on the basis that it is UWID's burden to affirmatively prove each and every element of Idaho Code section 42-222(1), and not Settlers' burden to disprove those elements.

Subject to, and without waiving those objections, Settlers states as follows:

1. As to Request for Admission Number 1 and its denial of the same, the transfers included in the Application will injure other water rights due to their contemplated incorporation and use of the integrated points of diversion system.
2. As to Request for Admission Number 2 and its denial of the same, the transfers may result in enlargement of the water rights due to the use of the integrated points of diversion system, and use of individual water rights in excess of the permitted, licensed, or decreed elements of those rights.
3. As to Request for Admission Number 3, Settlers denied the same because it was without sufficient knowledge and information to answer that request for admission.
4. As to Request for Admission Number 4, if UWID is allowed to retain its current water rights, even though it admits that it does not currently use the entire quantity available under those paper water rights, and particularly if UWID is allowed to acquire water rights significantly in excess of current demand or demand projected in the reasonably near future, the agricultural base of the local area may be harmed because those involved in

agriculture may find themselves unable to acquire water rights due to UWID's senior but unused water rights.

5. As to Request for Admission Number 5, the transfers and the IMAP will not be in the local public interest because they will allow UWID to hold water rights in excess of current demand and use, thereby, tying up the public water resource. Further, the integrated points of diversion system will not be in the local public interest because it may lead to increased drawdowns in areas of certain wells, as well as increased impacts to surface water sources.

INTERROGATORY NO. 9: What is the total quantity of water available to the District under its water rights?

RESPONSE TO INTERROGATORY NUMBER 9: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence. It is also ambiguous as to the phrase "total quantity of water available."

INTERROGATORY NO. 10: Please describe and quantify the hydrologic impact on the District's water rights which is likely to result if the Application were approved.

RESPONSE TO INTERROGATORY NUMBER 10: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

INTERROGATORY NO. 11: Please describe and quantify the financial impact on the District which is likely to result if the Application were approved.

RESPONSE TO INTERROGATORY NUMBER 11: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

INTERROGATORY NO. 12: Please state whether the District has a water conservation program in effect today. Please describe in full the District's water conservation efforts or program. Please include a discussion of the history and development of the efforts or program.

RESPONSE TO INTERROGATORY NUMBER 12: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

INTERROGATORY NO. 13: Please identify, describe and summarize the results of all studies, by the District or others, assessing or evaluating the success of the District's water conservation efforts.

RESPONSE TO INTERROGATORY NUMBER 13: See Response to Interrogatory Number 12.

INTERROGATORY NO. 14: Please provide a quantification of water use by each user group served by the District for which the District keeps separate records. For example, if the District keeps records based on agricultural, commercial or domestic users, please provide a breakdown showing the total quantity of use for each group.

RESPONSE TO INTERROGATORY NUMBER 14: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

INTERROGATORY NO. 15: Please identify which of the Applicant's water rights included in the Application have been forfeited. For each water right identified, please state all the facts upon which you base your contention that the right has been forfeited.

RESPONSE TO INTERROGATORY NUMBER 15: Objection. Settlers has not been able to fully make this determination because UWID continues to refuse to provide the information which Settlers first requested in November 2002. Moreover, the Hearing Officer has ordered that the information requested in this interrogatory be disclosed on or before September 12, 2003, after discovery is closed. Subject to, and without waiving that objection, Settlers' analysis in this regard is ongoing and has not been completed.

Settlers reserves the right to supplement this response in accordance with the Idaho Rules of Civil Procedure and the Hearing Officer's Third PreHearing Order.

INTERROGATORY NO. 16: Does the District disagree with the methodology used by Mr. Church and the conclusion he reached in creating the population and water demand projections in the Application? Please identify any such disagreements and explain.

RESPONSE TO INTERROGATORY NUMBER 16: Settlers continues to review and refine its analysis of Mr. Church's methodology and conclusions, and has not yet reached conclusions of its own. Settlers will supplement this response in accordance with the Idaho Rules of Civil Procedure and the Hearing Officer's Third PreHearing Order.

INTERROGATORY NO. 17: You have stated in responses to informal information requests that the Applicant's planning area is speculative and in conflict with the Municipal Water Rights Act of 1996.

RESPONSE TO INTERROGATORY NUMBER 17: Objection. No question was asked.

INTERROGATORY NO. 18: Explain why the District believes the Applicant should have a planning horizon for a maximum of 25 years.

RESPONSE TO INTERROGATORY NUMBER 18: The *maximum* planning horizon should be 25 years because, upon information and belief, that is the maximum period of time for which cities, counties and local agencies plan. Any period of time beyond 25 years renders projections such as population and water demand speculative and completely unreliable.

INTERROGATORY NO. 19: What plans does the District have to annex new lands?

RESPONSE TO INTERROGATORY NUMBER 19: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

INTERROGATORY NO. 20: How many pressurized, residential irrigation systems or hook-ups does the District serve? (This interrogatory does not inquire as to the number of individual lots or parcels served by Settlers [] sic).

RESPONSE TO INTERROGATORY NUMBER 20: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this

interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

INTERROGATORY NO. 21: Please explain how you quantify and track residential irrigation water use?

RESPONSE TO INTERROGATORY NUMBER 21: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

INTERROGATORY NO. 22: What is the average annual per capita usage in volume of water per irrigated acre and per customer for your members who use water for residential irrigation?

RESPONSE TO INTERROGATORY NUMBER 22: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

INTERROGATORY NO. 23: Has the District undertaken any planning for projected future water demands? If so, explain what it has done in this regard, who did or is doing the work, what the status of the work is, and what conclusions or tentative conclusions have been reached.

RESPONSE TO INTERROGATORY NUMBER 23: Objection. This interrogatory seeks information which is irrelevant to the IMAP proceeding, and this

interrogatory furthermore is not reasonably calculated to lead to the discovery of admissible evidence.

REQUEST FOR PRODUCTION NO. 1: Please produce any and all documents which bear upon or provide evidence with respect to the decision by the District to file a protest in this matter. This Request for Production seeks production by the District of documents which include, but are not limited to, official minutes of any regular or special meeting of the District Council or its members, and all resolutions, ordinances, policies, directives, or other formal or informal actions of the District with respect to the District's protest of this water right transfer.

RESPONSE TO REQUEST FOR PRODUCTION NO. 1: Objection. Calls for material protected by the attorney-client privilege and work product doctrines. Subject to, and without waiving that objection, see the documents attached hereto.

REQUEST FOR PRODUCTION NO. 2: Please produce all documents displaying the hydrologic impact that the Application would have on the District's water rights if the Application were approved.

RESPONSE TO REQUEST FOR PRODUCTION NO. 2: Settlers has no such responsive documents at this time. Settlers reserves the right to supplement this response in accordance with the Idaho Rules of Civil Procedure.

REQUEST FOR PRODUCTION NO. 3: Please produce all documents concerning the District's water conservation efforts or program.

RESPONSE TO REQUEST FOR PRODUCTION NO. 3: See Response to Interrogatory Number 12.

REQUEST FOR PRODUCTION NO. 4: Please produce all documents

concerning the District's evaluation of the Applicant's planning area.

RESPONSE TO REQUEST FOR PRODUCTION NO. 4: Objection. Calls for material protected by the attorney-client privilege and work product doctrine. Subject to, and without waiving that objection, Settlers states that the responsive documents are those which have been provided by UWID to Settlers in response to Settlers' informal requests for information. Settlers reserves the right to supplement this response in accordance with the Idaho Rules of Civil Procedure.

REQUEST FOR PRODUCTION NO. 5: Please produce all documents

concerning the District's evaluation of the Applicant's planning horizon.

RESPONSE TO REQUEST FOR PRODUCTION NO. 5: Objection. Calls for material protected by the attorney-client privilege and work product doctrine. Subject to, and without waiving that objection, Settlers states that the responsive documents are those which have been provided by UWID to Settlers in response to Settlers' informal requests for information. Settlers reserves the right to supplement this response in accordance with the Idaho Rules of Civil Procedure.

REQUEST FOR PRODUCTION NO. 6: Please produce all documents

concerning the District's evaluation of forfeiture of any of Applicant's water rights.

RESPONSE TO REQUEST FOR PRODUCTION NO. 6: Objection. Calls for material protected by the attorney-client privilege and work product doctrine. Subject to, and without waiving that objection, Settlers states that the responsive documents are those which have been provided by UWID to Settlers in response to Settlers' informal requests for

information. Settlers reserves the right to supplement this response in accordance with the Idaho Rules of Civil Procedure.

MINUTES

A regular meeting of Settlers Irrigation District was called to order October 1, 2002 at 1:00 p.m. Those attending were Richard Allen, President; Tom Davis Vice President, Ken Aschenbrenner, Director; Vicki Keen, Secretary/Treasurer; Nathan Draper, Manager; and Scott Campbell, attorney.

The minutes of the September 2002 meeting were read, approved, and signed.

Vicki presented the expenses for September and the Board approved them. Expenses were \$30,484.14 and Income was \$1,310.03.

Nathan presented revised plans for Bridgetower #2. He wants the developers to relocate the White Drain tile to avoid encroachment of the easement by the pressurized irrigation pond. In addition, the proposed pathway through the development will require the Drain to have a 4:1 slope which will make cleaning the Drain difficult. In fact, NMID, who has historically cleaned the drain, will not assume the liability of doing so in the future if the pathway is constructed. Since Settlers' does not have the proper equipment to clean it, Nathan will discuss the problem with Becky.

Connie Wensman, 2273 Ribier Drive, Meridian, Idaho, Lot 2 of Almaden Acres, would like to Annex into the District. She is requesting 4.26 miner's inches of water for the property which would be pumped from the private ditch that runs through the subdivision. She has requested permission from the Almaden Acres Property Owners' Association. The Board approves of the annexation if she can obtain permission from the other water users on the ditch. Vicki will contact her and relay the information. If her request is granted, the legal notice will be published in the Statesman for two weeks and if there is no objection to the annexation, Vicki will prepare the Order to be recorded with the County.

Nathan reported that we have approximately 6,384 acre feet of Lucky Peak water remaining in the reservoir.

Nathan met with Brian Sauer of the Bureau of Reclamation to tour the District and determine how the \$15,000 of matching funds will be used. They decided that replacing flumes is the best use of the money at this time.

Scott met with the Bureau of Reclamation yesterday to discuss the Lucky Peak Contract Renewal. Negotiations are going slowly, but they are working to get the Environmental Assessment completed before the end of the year.

Scott attended a meeting in Washington, D.C. to discuss the Nez Perce issue. Nothing was resolved and the whole process may come to a halt.

Scott Rhead with United Water attended the meeting to discuss with the Board the SRBA and the resulting ^{how} water rights allocation will affect the Boise Valley. He wanted to give assurance that United Water is not trying and will not try to take water rights away from the District. They would like to establish trust and work together to supply the water needs for agriculture and residential. He would like to start a dialogue with the Board to get and give feedback to resolve the issues.

As there was no further business, the meeting was adjourned at 3:00 p.m.

Respectfully submitted,

Vicki R. Keen, Secretary/Treasurer

Richard Allen, President
