REQUEST FOR EXTENSION OF TIME

WATER RESOURCES
WESTERN REGION

TO PROVIDE ADDITIONAL TIME IN WHICH TO SUBMIT PROOF OF
BENEFICIAL USE FOR A WATER RIGHT PERMIT

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right and file proof of beneficial use of water. There is a **FILING FEE** of \$50.00 to be included with this form when filed with IDWR.

Permit No. 63-32180 Date Proof is Due: January 1, 2011
Name(s) of Permit Holder: Deer Creek Water Fund; c/o Carl Olsson
Address: 15 Canyon Trail City Boise State ID Zip 83716
Telephone No. (208) 334-7538 Email: carpat1@mindspring.com

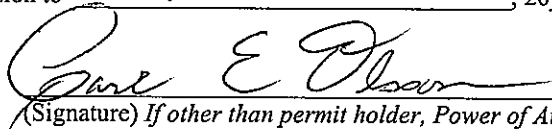

Describe what work has been completed toward the development of this water right:
(This must be filled out! If no work has been completed, show "none".)

The permit holder association has investigated the most feasible and cost-effective manner in which to develop the point of diversion for this right (i.e., enlarge and upgrade the existing well and pumping infra-structure or drill an entirely new well). The permit holder has made temporary repairs to existing water holding tank and is in the process of purchasing a new, larger tank. The permit holder has made pumphouse upgrades and is negotiating with neighboring property owners re the placement of the new, larger water tank. Costing \$ 2,500 to 3,000 to date

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

The permit holder association has experienced significant membership (underlying property owner) turnover from 2007 to date. For example, three (3) out of seven (7) association members are new, and this turnover has complicated special assessment and tank placement/access negotiations within the association and its member property owners.

Permit holder(s) request an extension to January 1, 2016 **

(Signature) If other than permit holder, Power of Attorney must be supplied.

11/8/10

(Date)

** The permit holder respectfully requests the maximum 5-year extension available under Idaho Code § 42-204(5).

ACTION OF THE DEPARTMENT OF WATER RESOURCES

IT IS HEREBY ORDERED that the above request for extension of time be
APPROVED and the time within which to submit proof of beneficial use
is extended to January 1, 2016.

Signed this 23rd day of December, 2010.

Jeff Peppersack, Chief
Water Allocation Bureau
