RE: Permit No. 47-7659 and 47-7731

Dear Mr. Holland:

On 5/19/2009, a field examiner of Idaho Department of Water Resources (IDWR) conducted a field examination. The next step in the appropriation process is to issue a water right license based on the field examiners findings. By issuing a license, IDWR confirms the extent of development that has been established in compliance with the terms of the permit. A condition that is present on both of the above referenced permits states that:

"Measuring devices of a type approved by the Department shall be permanently installed and maintained at the point of diversion and the point of effluent discharge."

The field examiner found no measuring devices at the point of diversion nor the point of discharge as required in the condition of approval. Pursuant to Section 42-219(6), Idaho Code, if the conditions of approval on a permit are not complied with, we may issue an order voiding the permit.

In order to issue a license, you must either submit documentation that the field examiner was not informed of the measuring devices at the time of the field exam and that this condition has been complied with; install the measuring devices as required on your permit as soon as possible; or request removal of the measuring device requirement from the permits. If you request removal of the requirement you should also submit documentation that this request would be acceptable to the watermaster of Water District 47-O.

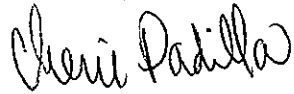

The watermaster for Water District 47-O, Rock Creek can be reached at:

Cindy Blakely
828 Center St East
Kimberly, ID 83341
(208) 404-1615

IDWR will hold further action on these permits for 30 days from the date of this letter in order to allow you time to respond. If a response is not received in the allowed time, we will assume that you are not interested in pursuing water right licenses and will take action to void the permits.

If you have any questions regarding this matter you may contact me at 208/287-4944.
Thank you for your attention to this matter.

Sincerely,

A handwritten signature in cursive script that reads "Cherie Padilla".
