RE: Transfer Application 76447

Dear Mr. Powers,

Several attempts have been made to get you to complete the transfer application but it is still incomplete. The description of the proposed delivery system is missing from page three of your application which is included with this letter. At this point, there are three options for you to consider regarding your transfer application.

1. Complete and return the description of the delivery system. The department can then process and advertise the application as was submitted and if you don't agree with the decision you can file for reconsideration or go to court.
2. Amend the application to reflect the actual use as described by Pat Powers.
3. Withdraw the transfer and the filing fee will be refunded.

Enclosed is a completed withdrawal form if you chose that avenue. Regardless the chosen avenue, you have until September 24, 2010 (30 days) to respond to this letter or the department will reject your application on the basis that it is incomplete.

Sincerely,

Denise Kidman
Water Resource Agent
