Dear Roger:

Thank you for your help on the telephone. The Leigh Creek Canal Company has attached an application for the Transfer of Water Right that applies for a change in water use. This is being done in order to construct a pond; the dimensions and consumptive use of which are described in the application.

If there is anything else that you need for the application, please do not hesitate to contact me via cell phone at 307-413-3473.

Thank you,

Harry Statter
