Monica,

Based on 2010 water year. I cannot understand why they want to place water in the bank. If this is the Thomas Aiken ditch, they had to purchase water from the rental pool in order to meet their demand this summer. I guess I would not be opposed as long as they understand they will be cut according to the Stewart & Bryan decrees. Also that there is no certainty that water will be available from the pool if they need it.

Subject: Water Supply Bank lease 63-32593 63-32595

Hi Rex,

We have lease applications to put all of water rights 63-32593 and 63-32595 into the Bank.

63-32593 is an irrigation right from the Boise River for 74 acres (0.43 cfs) with a 1877 priority date.

63-32595 is an irrigation right from the Boise River for the same 74 acres (1.05 cfs) with an 1891 priority date.

Do you have comments as watermaster?

Thanks, and happy Thanksgiving!

Monica
