RE: Change in Ownership Water Right No. 34-258, 34-855, 34-862 & 34-2486

In your letter dated April 15, 2010 it was discovered that an Assignment of Permit was needed to complete the process of changing ownership of the above listed water rights. With much difficulty we have finally received the documents from 2 previous owners giving us that Assignment. I am sending both of the Assignment of Permits for your records.

Your previous letter also mentioned that after 30 days our notice and all attachments would be returned to us. We never received a return of the documents, and therefore are assuming that you still have our original application/fees. Unless we hear otherwise, we will presume that this is the last document you are waiting on, and that our application will be processed as normal.

Please feel free to contact us with any questions.

Sincerely,

RE: Change in Ownership Water Right No. 34-258, 34-855, 34-862 & 34-2486

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

****** Assignment of Permit**

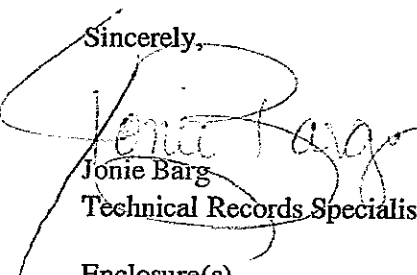

Water rights 34-258, 34-855 and 34-862 can be complete with the application received by our department on April 15, 2010; the department will complete that process upon receipt of the additional information listed above. Water right number 34-2486 is still a Permit in order for the department to complete an ownership change for this application we will require you to submit an Assignment of Permit. Please find the application enclosed; at your earliest convenience please complete this form and return it to our department. The assignment will need to be completed by the current owner on our records for the water right which is Willard Bell.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,
