CONDITIONS OF APPROVAL

1. This right is for an enlargement of 1.1 acres within the place of use described for this right.
2. Rights 36-16878 and 36-16879 when combined shall not exceed a total diversion rate of 0.06 cfs, a total annual maximum diversion volume of 16.0 af at the field headgate, and the irrigation of 4.0 acres.
3. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 130.
4. A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.
5. Prior to the diversion and use of water under Transfer approval 76806, the right holder shall install and maintain acceptable measuring device(s) at the authorized point(s) of diversion in accordance with Department specifications, or shall obtain an approved variance from the Department to determine the amount of water diverted from power records or to maintain an existing measuring device.
6. Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized point(s) of diversion in accordance with Department specifications.

WATER RIGHT NO. 36-16878
As Modified by Transfer No. 76806

CONDITIONS OF APPROVAL

7. The combination of changes under:

Transfer approval 76778 as described under rights 25-14326 and 25-14327;
Transfer approval 76804 as described under rights 29-13979 and 29-13980;
Transfer approval 76805 as described under rights 35-14046 and 35-14052;
Transfer approval 76806 as described under rights 36-16878 and 36-16879;
Transfer approval 76808 as described under rights 21-13121 and 21-13122;

provide the necessary mitigation for any increased depletion to connected reaches of the Snake River that would result from each individual transfer. These transfer approvals shall not require mutual dependence for ongoing mitigation.

Any future action, including a subsequent transfer of this right or an order rescinding a transfer approval, which would result in a change to the point(s) of diversion under this right may require mitigation for the effects of the change. Such future action to change the point(s) of diversion under this right shall be analyzed for effects to connected reaches of the Snake River based on the priority date, point(s) of diversion and steady-state quantity as authorized for this right.

8. This right when combined with all other rights shall provide no more than 0.03 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.
9. This right is based upon an enlargement of Right No. 36-16879 pursuant to Section 42-1426, Idaho Code.
10. This water right is subordinate to all water rights with a priority date earlier than April 12, 1994, that are not decreed as enlargements pursuant to Section 42-1426, Idaho Code. As between water rights decreed as enlargements pursuant to Section 42-1426, Idaho Code, the earlier priority right is the superior right.
11. Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.
12. This right does not grant any right-of-way or easement across the land of another.
13. The right holder shall accomplish the change authorized by this transfer within one year(s) of the date of this approval.
14. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
15. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
