**RE: WATER SUPPLY BANK LEASE FOR WATER RIGHT NOS. 35-13340 AND 35-13362**

Dear Lessor:

On June 20, 2006, the Department accepted your applications to lease part of 35-13340 and 35-13362 to the Water Supply Bank. Condition 3 on the acceptance stated,

"While a right is in the bank, the owner of the right may not use the right without approval of the department even if the right is not rented from the bank."

A review of 2006 and 2009 aerial imagery indicates the presence of irrigation on the leased property. In your application you did not indicate other water rights serve the property.

The water rights are rented through the 2013 irrigation season. If you wish to have the leases released, you will need to indicate this to the Department in writing and the Department will have to adjust the current rentals. If you wish to continue leasing the water rights, please indicate the source of the irrigation water.

Please contact me at (208) 287-4907 with questions or further correspondence.

Sincerely,

Monica Van Bussum  
Sr. Water Resource Agent
