Re: Water Banking Applications for Blue Indian HOA Inc

Dear Mr. Nelson,

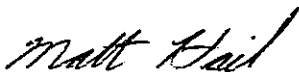

In June of 2009, Blue Indian HOA Inc proposed to Lease into the Water Supply Bank and Rent from the Water Supply Bank a one acre portion of water right 22-2137 for the use in a fire protection pond during the 2009 irrigation season. However, due to delays in development, the pond was not excavated until August of 2010. The applications to Lease and Rent water in the Water Supply Bank for 2009 are, therefore, unnecessary.

The purpose of this letter is to request that the applications to Lease and to Rent be held and applied to the 2011 irrigation season instead of the 2009 irrigation season. The pond will be lined before the 2011 season and made ready for filling through these applications.

A plat map is attached that identifies the location of the pond, which is located within Phase I. The one acre that will be leased to the Bank will be located beneath the roadways in Phase I of the subdivision.

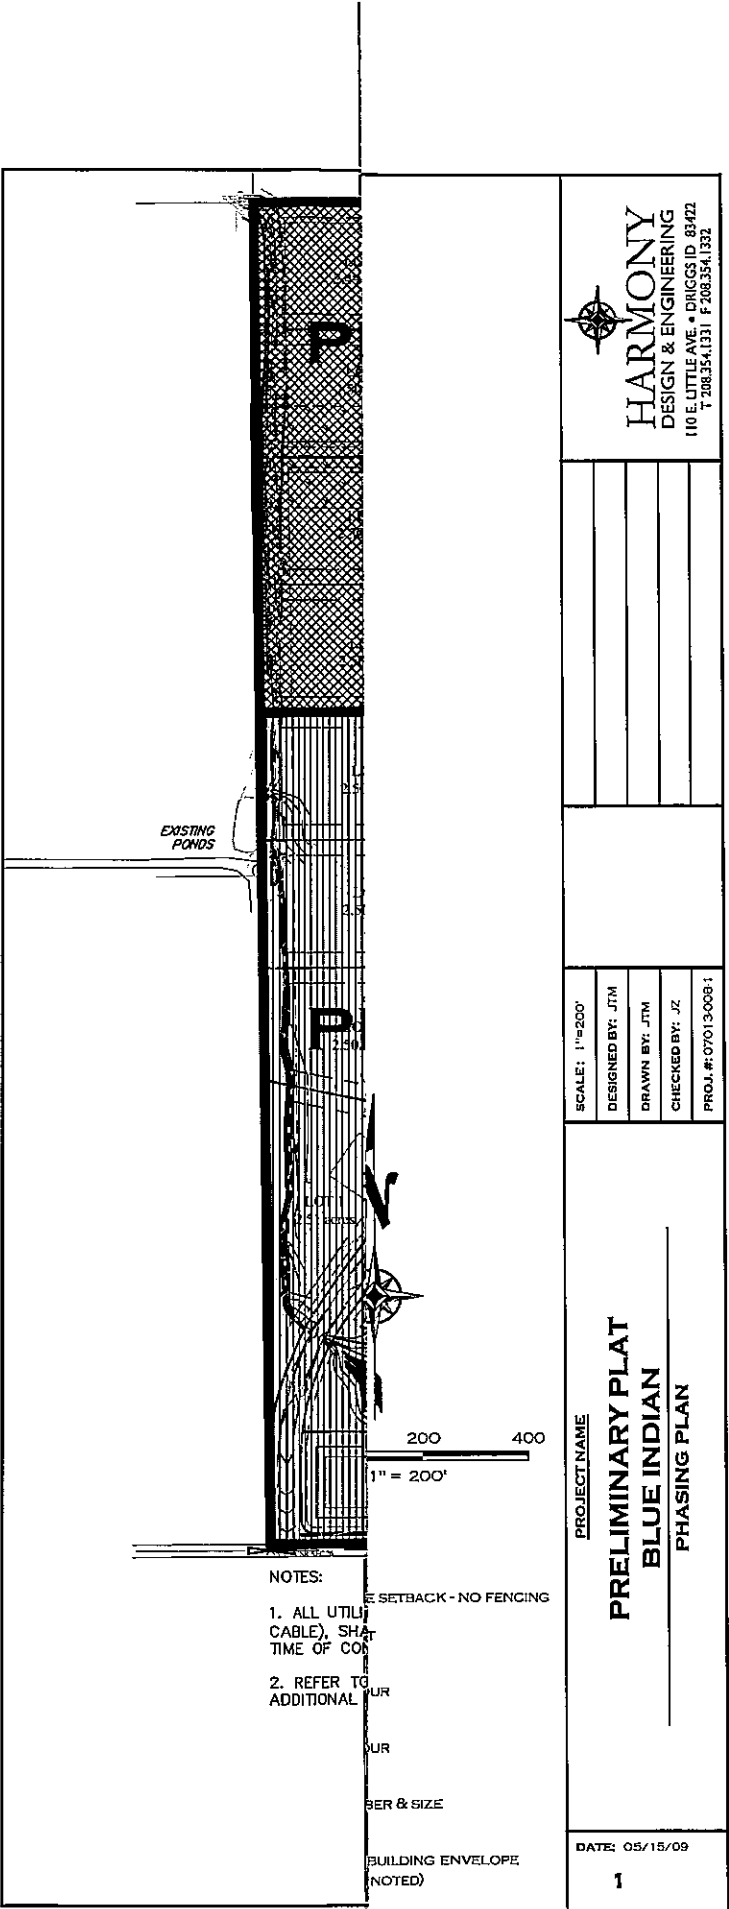

In addition, enclosed is a check for \$25.00 for the remaining fees to change the ownership to Blue Indian HOA Inc.

Sincerely,

Matt Hail
Blue Indian Homeowners Association, Inc
