Due to the failure of my
proposed commercial spa project,
I request amendment to permit
65-13912. I request waivers
of conditions #5 and #9. At
the same time, I am giving up
the amount of my original application
to 20% ~~or~~ .10 CFS. This will
reflect the actual use of the
three bedroom single home as
shown on tests conducted the
summer of 2009.

Thank you.
