

MEMORANDUM

TO: Craig Saxton
FROM: Aaron Marshall
DATE: June 14, 2010
SUBJECT: Permit 63-11831

Back in 2008, I was asked to review the field report for permit 63-11831 and prepare a license. I reviewed the field report and corresponded with the examiner, Scott King. Our communications are included in the water right file. However, because of what some may perceive as a conflict of interest, I cannot continue to work on this assignment. Please delegate this assignment as you see fit. Thank you.
