Aaron,

Shelley advised that if this License was relatively straight forward we could process. It appears to be a 40-acre irrigation parcel. Please look into it & contact Scott @ SPF if you have questions or problems regarding the exam.

Scott,

We have had specific priorities this last year. I will have someone look into this Permit & see if we can issue a license. If there are any questions, you as the examiner will be contacted.

Hello Pam,

I submitted a licensing exam for permit no. 63-11831 in November 2006. Can we please get an update on the status of licensing this permit?

Thank you,
Scott
