Subject: No. of Homes Served by LWD

Larry,

I received your letter dated 12/2/09 and the Lakeside Water District (LWD) Board's letter dated 12/17/09. I am working on finalizing the amended licenses (updating them with the latest information you provided) and issuing a new correspondence to the attention of "Board President" as you indicated in your letter. The information you provided in your letter was excellent, and is everything I need to complete the process, with the exception of one point which I need further clarity on. In your letter you indicated that the number of homes served by the LWD were 15 in 1998, 14 in 2002, and 12 in 2006. During my sight visit in the summer of 2008 you indicated that 24 homes were served by the LWD. I'm confused why the number decreased from 1998 to 2006, and then sharply increased by 2008. If you could please clarify this matter I would appreciate it.

Thank you,
