Dear Mr. Swank:

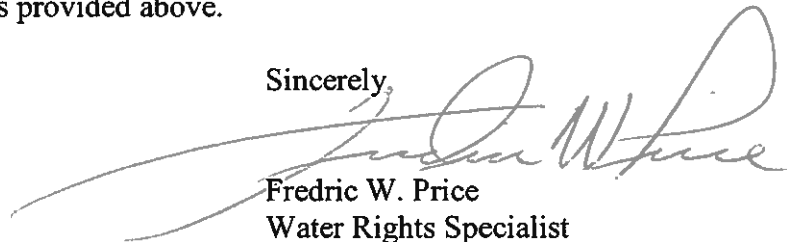

RE: Letter of Concern:
Amended Application for Transfer No. 75705 (Preston-Whitney Irrigation Company)

BLM's protest had been resolved by the definition of a digital boundary on the CD which was filed on August 17, 2010 together with the "Amended Application for Transfer" that removes the Places of Use on BLM land (SWNE, NESW, SESW, NWSE, SWSE, S03, and SWNE, NWSW, NWSE, S15, T15S, R40E) which was described in the original Application for Transfer.

BLM withdrew its protest on September 29, 2010 based on the Amended Application, however review of IDWR's current electronic representation of the transfer includes a place of use (POU) on BLM within the SESW, S03, T15S, R40E. It appears that this may be unintentional due to a snapping issue. Please remove this POU.
