RE: Water Right Transfer Application – Idaho Youth Ranch.

Dear Jeanie,

At your request, I have enclosed is an amended map showing the correct point of diversion location as listed on the water right transfer application in the name of the Idaho Youth Ranch submitted to IDWR on December 17th 2009. The point of diversion on the map submitted with the transfer application was in the wrong location and did not match the point of diversion location listed on the transfer application.

Also enclosed is a check from Brockway Engineering for \$190.00 (per your attached email) to cover the additional transfer application fee that was inadvertently left out of the December 17th 2009 submittal.

Please copy our office on all correspondence regarding this water right transfer application. Thank you for your assistance on this matter and if you have any questions or comments, please don't hesitate to give me a call.

Regards,

Zach Latham, M.S., Hydrologist
