Re: Amended Application for Permit #45-14107
Moo View Cow Palace
Project No. 629-02-2006

Dear Jeanie:

Enclosed is an Amended Application For Permit # 45-14107 for Moo View Cow Palace. This original Application for Permit was submitted to IDWR in 2008 as surface water use for Stockwater and Recharge from Lunch Creek, Dayley Creek and Antelope Creek.

After our recent conversations with Mr. Craig Searle, we are amending the application for Stockwater use only, at 0.05cfs and 300 head of range cattle, with the dates remaining the same, 11/15 – 3/15, through the non-irrigation season.

Thank you for your help through this process, it's been appreciated. Please don't hesitate to contact myself, Erick Powell or Chuck Brockway Sr. with any questions you may have.
