Remarks: This water right includes the right to divert water which is recovered ground water resulting from recharge for irrigation and/or water resulting from irrigation under the Canyon Creek Canal Company irrigation works for use on lands within said irrigation entity's authorized place of use. Diversion of this right for the purpose of irrigation is authorized for a maximum acreage equivalent to the authorized place of use for this right. This right includes an accomplished change in place of use pursuant to Section 42-1425, Idaho Code. § I.C. 42-1425 and/or I.C. 42-228. This right includes an accomplished change in point of diversion pursuant to Sections 42-1425 and/or 42-228, Idaho Code. In the event recharge or recovered water is not available, the priority date shall revert to the previously licensed priority date.

1. 124 Place of use is within the service area of the City of Newdale municipal water supply system as provided for under Idaho Law.
This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately
2. C18 determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.
3. 186 Diversion of water authorized under Transfer 76126 from the point of diversion located in L2 (SWNW), Sec. 7, T06N, R42E shall not exceed a total combined maximum diversion rate of 1.5 cfs and a total annual maximum diversion volume of 543.0 af.
4. 212 Prior to diversion and use of water under Transfer approval 76126, the right holder shall install and maintain acceptable measuring device(s) at the authorized point(s) of

diversion, in accordance with Department specifications.

5. 213 Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized point(s) of diversion in accordance with Department specifications.

6. 046 Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.

7. 106 Prior to the diversion and use of water under Transfer 76126, the right holder shall comply with applicable water quality permitting requirements administered by the Department of Environmental Quality.

8. 004 This right does not grant any right-of-way or easement across the land of another.

9. F06 The following rights are diverted through point(s) of diversion described above: 22-2217, 22-7269.

10. T07 The right holder shall accomplish the change authorized by transfer 76126 by January 26, 2011.

11. T08 Failure of the right holder to comply with the conditions of transfer 76126 is cause for the Director to rescind approval of the transfer.

12. 208 To the extent necessary for administration between points of diversion for ground water, and between points of diversion for ground water and hydraulically connected surface sources, ground water was first diverted under this right from Well No. 1 located in NWSESE Sec 34, T07N, R41E.

Describe any other water rights used at the same place and for the same purposes as describe above: Those water rights recommended as of the date of this amended claim.
